E. J. BARTON,
Chairman.

No. 161R., dated Mymensingh, the 31st January 1877.

From—R. H. PAWSEY, Esq., Chairman of the Road Cess Committee, Mymensingh,
To—The Commissioner of the Dacca Division.

I HAVE the honor to forward herewith statement No. III as described in the orders of Government, No. 4952, dated 24th September 1872, and as provided for in section 89, Act X, 1871. The period embraced by the accounts is the year terminating with 30th September 1876, and the delay beyond due date in the submission of the statement is owing to the meeting of the Committee, called for 13th instant for passing the accounts, having to be adjourned until this day in default of a quorum. The year under review was the first during which the cess has been collected in this district.

2. Four meetings only of the Committee were held during the year, but these meetings represent but a very small portion of the time that is devoted to road cess work by the Chairman, Vice-Chairman, and many of the members.

3. The accounts (see form No. 6, Part II) sent herewith give details of receipt and of expenditure on each item of work, and I have to add to the accounts the following report.

4. The actual receipts from the cess and other sources amounted to Rs. 1,45,721, the anticipated receipts as per budget submitted to you on 13th September 1875 having been put at Rs. 1,55,517.

5. The cess for the year was collected at full rates, but these were not resolved on without some discussion, the members generally being of opinion that no collection in excess of what could be expended advantageously during the year should be made. On this point, however, the estimates which had been drawn up proved satisfactory to the Committee.

6. The balance-sheet is prepared according to the form prescribed by the Public Works Department, and before remarking on the items of expenditure on works, I would point out that Rs. 32,000 were devoted to the repayment in part to Government of the loan adverted to in paragraph 2 of my report, No. 589, dated 5th January 1876. Rs. 10,000 were also paid towards the expenses of Government on the staff of the Department of Public Works employed on road works during the year 1874-75; beyond these the establishment for the collection of the cess cost Rs. 9,500 odd. The working establishment (including the salary of the District Engineer for a portion of the year only) draw Rs. 5,250. Taking off the amount of unadjusted advances at the close of the cess year, the amount expended actually upon works amounted to Rs. 65,818 odd.

7. In the expenditure of these funds, the Committee have steadily pursued the system they have adopted from the time of their formation. The old roads are kept in repair and metalled, where there is a press of traffic, as funds admit. Bridges of timber on these roads are gradually being exchanged for masonry bridges. The new lines of road provided for in statement I, submitted in December 1872, are being undertaken by degrees, and temporary structures of timber are supplied to keep the roads passable for wheeled traffic until they can be bridged. Village roads are repaired and extended in the neighbourhood of the main lines and of rivers.

8. From the number of works included in statement I of December 1872, and the supplementary statement I submitted on 7th May last, it will be seen that the more obvious and crying wants in the way of communication by land have been looked to, and that the simple works of raised roads will be sufficient to employ the funds of the Committee for some years to come. In spite of occasional agitation on the subject, the Committee have determined to attempt no great work of excavation demanding an uncertain expenditure, and uncertain in its fruits, until the results of the work of dredging in the rivers of Dacca are known.

9. The original works in progress during the year were those briefly detailed in the list submitted with this office letter No. 589, dated 5th January 1876, and on which the estimated expenditure had been proposed on 13th September previously. The works were the same as those noticed by you as being in progress during the year 1874-75, with the addition of the road from Modhupore to Tangail, for which the sum of Rs. 25,000 was provided in the estimates, but on which Rs. 17,350 only was expended during the year under review. (see paragraphs 17 and 18 of your report, No. 635R., dated 8th February last).

10. The next greatest expenditure has been in the way of repairs. The roads on which money was expended have been placed in repair for the dry season; but as none of them have up to date been metalled, some expenditure is required annually, at the close of the rains, on each. I should add that there are still remaining roads (which in some places have dwindled to mere tracks) which, though not encroached on by cultivators, require repairs, amounting to almost entire renewal, before they are brought to the condition they were, or were intended to be placed in when originally constructed.

11. The applications from local residents for village roads have been so numerous that it has been impossible to comply with all; the funds available for these works being limited in consequence of other more pressing wants. More of these small cost roads are, however, being taken in hand during the present year.

12. The expenditure on the working establishment during the year was considerably below what was provided in the estimate; but since the close of the year a demand has been made on the part of Government for payment for the services of the staff of the Department of Public Works employed until the District Engineer took charge of his duties in March last. The District Engineer took charge of his duties from the Executive Engineer, Public Works Department, but the latter official did not make over plans and estimates of original works then under preparation.

13. I take this opportunity of bringing to your notice the apparent necessity for revising the rules laid down by Government in circular No. 173, dated 7th May 1872, and on subsequent occasions. This district (as are also perhaps others) has hitherto been totally unprovided with made roads, not because the nature of the country forbids their existence, but from its being distant in situation and with a purely agricultural population, blessed some four months of the year with natural water highways. The grant of funds by Government for road-making was always most moderate. The cess has now provided a fund not more than sufficient, but still considerably greater than in many districts where the communications by land are in a very different state.

14. In utilizing these funds some of the standing rules have been violated, and it would seem that, unless some alteration in them is made, they are likely to be violated in future also by all the officials concerned. If no work is done until every preliminary rule has been observed, there will be a total stoppage of work.

15. For instance, rule 5 of circular No. 173, quoted above, points out the duty of the Superintending Engineer in regularly visiting at least once in the year all works. In this district the Superintending Engineer has not yet seen any work, either original or repair, undertaken since 1873, or since then either in progress or contemplation. It seems absolutely necessary that the official who has to give his professional opinion on projects before they are undertaken should have some acquaintance with the surface of the country. The effect of this want of knowledge is that when plans and estimates for a road with a petty temporary wooden bridge over a khall are submitted they are returned with the direction to employ a staff during the rainy season in ascertaining the height of floods for miles round, and the velocity of current in a khall which is actually stagnant or nearly so. These inquiries occupy much time, and if the Engineer spent a single half hour in riding over the road, he would himself be satisfied, from the conformation of the country, that the inquiries are in such cases unnecessary.

16. The difficulty in the way of carrying on pressing works has been recently still further enhanced. It has been ordered that no road is to be widened without plans and estimates being prepared and submitted as in the case of a new work. To carry out such an arrangement, the entire income of the Committee will have to be spent in establishment of surveyors. To prepare the information required for two new lines of road only, an Executive Engineer, Assistant Engineer, overseer, and draughtsman, have been employed for some two years. How much more labour is necessary if every existing road that requires widening and raising must be submitted with every detail to the central authority in Calcutta.

17. If you also are of opinion that the rules referred to require revision to become practicable in working, I would venture to ask that you will propose some alterations. Hitherto original works known to be of pressing need have been commenced without being submitted to Government, and, as in paragraphs 17 and 18 of your No. 653R., dated 8th February last, approval has been given to the carrying on of such works in an informal manner, and to the expenditure of these funds by the Committee in accordance with estimates previously submitted.

14. „ Nobeen Chundra Sein.
15. „ Krishna Lall Nag.
16. „ Kali Krishna Chowdhury.
17. Mahomed Gazi Chowdury.
18. Munshee Ali Karim.

The changes in the Committee during the year were—

Mr. Robert Carstairs, who was appointed in place of Mr. Thomas Smith, left the district.

Baboo Nobeen Chundra Sein, in place of Mr. J. P. DeLauney, who left the district. Moonshee Ali Karim, *vice* Mr. Hume Smith, who left the district.

Baboo Kali Krishna Roy Chowdhury, *vice* Aftabuddin Mahomed.

„ Krishna Lall Nag, *vice* Eshan Chundra Roy.

Amiruddin Mahomed, *alias* Moonshee Lall Meah (deceased).

4 Seven meetings of the District Committee were held during the year, six members being required to form a quorum. Once a quorum was not obtained, and no meeting could be held. Most of the members showed a fair interest in the proceedings. Among the most active members were Messrs. H. Smith, H. L. Weathrall, George Ridsdale, E. DeLauney, and Baboos Nilmony Doss and Ramdolal Roy. The non-official members who attended most meetings were Messrs. E. DeLauney and Baboo Ramdolal Roy, who attended at five and six meetings respectively. Only two members attended no meetings at all; these were Baboos Krishna Lall Nag and Umalochun Mozumdar. The former left the

district during the year under report, and the latter prefers to attend the meetings of the Muradnagar Branch Committee, of which he is also a member. The Chairman, Vice-Chairman, and Road Cess Deputy Collector, attended the whole of the seven meetings.

5. The total income for the year 1875-76 from the assessment on lands and houses amounted to Rs. 1,35,651-10. This included the balance of Rs. 38,012-6, carried over from 1874-75. The total outlay during the year amounted to Rs. 1,02,014-5-1, leaving a balance in hand of Rs. 33,637-4-11.

6. *Original works*.—One of the chief was the *Brahmunberiah road*. Unfortunately, during the two past years we have had unprecedentedly high floods: each year, in 1875 and in 1876, great damage has been done to the earth-work of this road by the floods; the new earth is of course not sufficiently firm to stand the effects of such floods as we have had in August 1876. The flood water topped the newly-constructed road, doing a good deal of damage. This has much delayed the finishing of this road during the past year. There was an expenditure of Rs. 7,000 on earth-work from Nayanpore to Brahmunberiah, 22 miles, and Rs. 1,376-13-3 on the part between Nayanpore and Comillah, 16 miles; for construction of bridges on the same road, Rs. 10,561-0-9. In my last year's report, paragraph 8, I pointed out how this road is intersected at every half mile or so by hill-streams, and the necessity therefore of frequent bridges, which renders the work on the road so much more costly than ordinary. This road will be completed this year, and will establish easy communication between the sudder station of Comillah and the sub-division of Brahmunberiah, if we can only get one year's immunity from floods to allow the earth-work time to consolidate a little.

The *Kali bazar hill road*, also an original work, on which was expended the sum of Rs. 2,818-14-9. This road is cut through the Lalmye Range of hills, and when completed will open up communication with the centre and south-west of the district; this road will be continued on to Dollye on the west and Kudbah on the south, and thus open up communication in a part of the district hitherto roadless. The work was of a somewhat difficult nature, the gradients of ascent and descent requiring some engineering skill in construction. The total sum expended by the Sudder Committee on original works was Rs. 60,436-15-5. This includes the building of some inspection bungalows and construction of village roads (for which see paragraph 9).

7. The amount expended on maintenance and repairs was Rs. 9,129. The chief repairs were to the various district roads, a small sum only being expended on repair to the Comillah Road Cess office bungalow.

8. Rs. 1,439-2-3 were expended on the Chandpore canal noticed in paragraph 8 (E) of last year's report. This canal connects the Megna with the Daccaitea, and saves boats a weary long round and the dangers of the big river north of Dukhin Shahbazzpore and Hatya. In the rains boats get to Noakhally in safety. If this channel were closed, the voyage would have to be made down the Big Megna and *via* the wide channel between Noakhally and the islands of Shahbazzpore, Hatya, and Sundeeep. It is a great object, therefore, to keep the channel open and navigable for the largest boats.

9. *Village roads*.—A large amount, viz. Rs. 30,333, was expended on these roads and khalls, 120 in number, in the following proportions:—

			Rs.	A.	P.	
Sudder or the District Committee	...	16,108	11	0	{	36 roads. 4 water-courses.
Brahmunberiah Branch	ditto	...	5,087	7	6	{ 10 ditto.
Chowdagram	ditto ditto	...	3,580	0	0	{ 29 roads. 18 „
Muradnagar	ditto ditto	...	3,376	13	6	{ 8 „ 9 water-channels and some temporary bridges.
Nursingpore	ditto ditto	...	2,180	0	0	{ 3 water-channels. 8 roads.
Total	...	30,333	0	0		120 roads and water-channels.

It is found that members of the various Committees and the people of the district generally take more interest in this class of works than in any other. It renders more tangible to them that the money raised in the district is being expended for their benefit and on local objects. The amount expended by Branch Committees was double what it was in 1874-75, and I believe this shows the increasing popularity and demand for such works. In a district like this, which was almost devoid of roads between one village and another, these small roads are of great importance as aiding to establish more general intercommunication, connecting remote villages with main roads and the larger marts, and with also the various waterways and village hâts or markets. These works include the bridging of khalls, opening water-channels, and other petty works under Rs. 500 cost each.

10. The establishment consists of an Engineer, Baboo Khettra Nath Bhuttacharjia, formerly in the Public Works Department, and a staff of overseers and sub-overseers. The Engineer is well paid, his salary and allowances amounting to Rs. 7,800. The amount of work to be done and the income of the department warrant our having a well-paid officer as our Engineer.

11. The Vice-Chairman's office was held first by Mr. Manson, and afterwards by Mr. Carstairs, both of whom performed the duties of the office to the entire satisfaction of the Committee.

12. The Branch Committees of Brahmunberiah, Muradnagur, Chowdagram, and Nursingpore, all worked well, and credit is due to their Chairmen, especially to the moonsifs of Chowdagram, Muradnagur, and Nursingpore, who perform their duties as Chairmen so satisfactorily, in addition to the heavy work they are called upon to do as moonsifs; and the office of a moonsif in this district is by no means a sinecure.

13. I submit a copy of the statement of progress on the various works submitted to me by the District Engineer.

14. The estimates for the various works to be undertaken in the ensuing cess year 1876-77, and for the various establishments, have already been submitted to you and obtained your approval,* but I give them appended in a concise form.

SHAM LALL HALDAR,
Chairman of the Branch Road Cess Committee, Chowdagram.

No. 757R., dated Dacca, the 23rd March 1877.

From—F. B. PEACOCK, Esq., Offg. Commissioner of the Dacca Division,

To—The Secretary to the Government of Bengal, Public Works Department.

With reference to your circular No. 51, dated 8th August 1874, I have the honor to

* (1) Dacca. (3) Backergunge. submit herewith the annual accounts and reports of the several District Road Cess Committees* of this division for the cess year (1875-76) ending with 30th September last.

(2) Furreedpore. (4) Mymensingh.

(5) Tipperah.

2. In all the districts of this division, except Backergunge, road cess on lands and houses is being levied, and hence the funds available for expenditure on the roads and canals of those districts were mainly derived from the proceeds of this cess and of ferry tolls. In Backergunge, where the valuations of lands and houses under the Road Cess Act have not as yet been completed, tolls on ferries, fines under Road Cess Act, and the grant from Provincial Fund, made up the amount for expenditure during the year of report.

3. Subjoined is a brief statement which shews the financial condition of each district during the past cess year.

† Deficit balance.

4. Every district had ample funds for its requirements during the year, and I will now notice in the following paragraphs how these have been expended, and with what advantage to the people from whom the road cess has been levied.

5. *Dacca*.—In Dacca the total amount available for expenditure amounted, as per details given on the margin, to Rs. 1,39,391-13. Of this sum

Collections under the	Rs. A. P.	Rs. 4,860 12 3	have been expended in office establishments and contingencies;
Road Cess Act	69,169 5 6		
Other cesses	1,236 6 0	4,198 6 10	have been expended in establishments on works;
Ferry tolls	17,664 13 6		
Miscellaneous	1,956 8 10	7,681 4 10	ditto ditto original works;
Cash balance of 1874-75	49,464 11 2	13,318 12 9	ditto ditto repairs;
Total	1,39,391 13 0	53,200 4 6	ditto ditto tools and plant;
		94 9 6	ditto ditto refunds;

Total 83,354 2 8

leaving a balance of Rs. 56,037-10-4 at the close of the year.

6. Under the head of "Original Works," for which a sum of Rs. 7,681-4-10 is shewn to have been expended, are comprised the construction of some bridges on the Goalundo road between Manickgunge and Shealo, the making of village roads, and the execution of some other petty works; while the heading "Repairs," in which Rs. 13,318 12-9 are shewn to have been expended, includes all works done on existing roads, canals, or bridges. In fact, all works

not involving the use of steam-dredger, that were proposed to be undertaken† during the past year, have been executed, except that portion of the Goalundo road which lies between

Dacca and Manickgunge, the plans and estimates of which are awaiting Government orders since July last, notwithstanding repeated reminders§ and telegrams sent on the subject. This accounts for the large cash balance of Rs. 56,037-10-4, which sum was kept unexpended

in order that this work might be taken up as soon as Government sanction was received. Unfortunately no sanction has as yet been received, and another working season has slipped away without this most important work being at all advanced. The Committee have also been unable to carry out the dredging work proposed in the last report, as the steam-dredger, which arrived in August last, was found to be defective in construction to an extent which rendered her unworkable.

7. The large amount of Rs. 53,200-4-6 shown under the head of tools and plant represents the moiety of the total cost of the steam-dredger, price of stores, and charges for establishment, &c.

8. The following are the works proposed to be undertaken during the current year 1876-77:—

- (1) Construction of that part of the Goalundo road which lies between Dacca and Manickgunge, No. 12;
- (2) Ditto of Tonghy iron bridge on the road to Mymensingh, No. 2;

† Vide paragraph 8 of this office No. 653R., dated 8th February 1876.

§ No. 333R., dated 23rd August 1876.

" 504R., " 6th November "

" 609R., " 22nd December "

- (3) Repairs of the road from Manickgunge to Shealo, No. 5 ;
 (4) Ditto Narraingunge road, No. 1 ;
 (5) Ditto Mymensingh road, No. 2 ;
 (6) Ditto Hydebazar road, No. 1 ;
 (7) Ditto Sreenuggur road, No. 4 ;
 (8) Ditto Kolatya road, No. 7 ;
 (9) Repairs of several village roads, &c. ;
 (10) Dredging operations in the rivers Dallessery, Borigunga, Gajghata, and also in the Hilsamari and Punya khalls,

at an aggregate cost of Rs. 1,06,090.

9. *Furreedpore*—In Furreedpore the receipts, including the cash balance of the preceding year, amounted to Rs. 90,752-1-8, and the expenditure therefrom has been as follows :—

	Rs.	A.	P.		Rs.	A.	P.
Collections under Road Cess Act	48,804	19	10	Office establishments and contingencies for collections, &c.	4,749	5	0
Other cesses	1,595	9	6	District engineering establishment and contingencies	6,352	11	1
Ferry tolls	836	15	6	Original works	7,184	0	7
Miscellaneous	390	8	2	Repairs	6,718	2	0
Cash balance of 1874-75	39,224	5	8	Refunds	282	3	8
Total	90,752	1	8	Tools and plant	1,080	11	9
				Total	26,367	2	1

leaving a large cash balance of Rs. 64,584-15-7 unexpended at the close of the year. This the Chairman of the District Road Cess Committee explains was due to the fact that there

* District Engineer was appointed under Government order No. 591, dated 17th December 1875, and he joined his appointment in January 1876.

was no District Engineer until the middle* of the working season, and consequently but little could be done. The non-completion of the plan and estimate of the Rajbari road and of the Hobra khall, proposed to be undertaken within the year, may also be urged as some excuse for this; but at the same time I do not feel satisfied that some portion at least of the balance could not, had more energy been displayed, have been spent in village roads and canals, which afford ample scope for a useful expenditure of money all over the district.

10. None of the original works, except two or three petty ones, proposed in the last report to be undertaken during the year, have been executed or even commenced. The sum of Rs. 7,184-0-7, shewn to have been spent in "Original Works," has been principally expended in the Goalundo sub-division in making some railway feeder roads.† The principal roads of the district have been put in proper repair, and Rs. 6,718-2 have been well spent on them.

† Entered in the revised budget estimate submitted with this office No. 29B., dated 19th April 1876.

11. Besides the District Road Cess Committee at Furreedpore, which met nine times, there are two Branch Committees—one at Madaripore and another at Goalundo: the former had four and the latter six sittings during the year. Considering the means at its disposal, the Committee at Goalundo has worked most energetically and successfully, the one at Madaripore having done the least. During the last two years it has been unable to spend even a thousand rupees in the entire sub-division of Madaripore, although its ordinary requirements demanded an outlay of many times that amount. The Chairman's remarks in paragraph 7 of his report, dated the 14th November 1874, hereto appended, to the effect that the people of the sub-division of Madaripore do not care for roads, is not borne out by the real state of things, for on a visit which I recently paid to one of the five thanas of the sub-division, I received several petitions from the inhabitants for roads. To show, too, that they were quite willing to contribute towards the cost of what they so much desired, I may mention that one native gentleman offered Rs. 5,000 for a road from his village to the police station, while another, in begging for a road to connect his village with a daily market, offered to contribute largely towards its cost if the Committee would only undertake it. This, I am glad to say, has since been taken in hand.

12. In February 1876 the small outturn of work in the sub-division of Madaripore was particularly noticed and pointed out to the Chairman of the District Road Cess Committee, his attention being called to the Government circular No. 32, of the 27th September 1873, and the Government proclamation notifying the rates of road cess for 1873-74, which enjoined that every effort should be made to see that "all local claims are freely met, and that every tax-payer derives a fair benefit from the tax which he pays." He will be again shortly addressed on the subject, and I trust that the current year will show a much more satisfactory outturn of work than the past.

13. The following works are proposed to be undertaken during the current year in addition to the repairs of the existing roads and petty village works :—

(9) Ditto Ramnugger khall	79
(10) Ditto Marra Pudda	80
(11) Ditto Kistopore khall	81

at an aggregate cost of Rs. 1,04,000.

14. Some of these works are large and will not be completed, even if undertaken, during the year, as the plans and estimate of none of the works, except those of Rajbari road and of Ramnugger and Kistopore khalls, have as yet been received. The Chairman's attention has been called to this, and he has been desired to push on this work as much as possible, and to see at all events that there is no avoidable delay in his office.

15. *Backergunge*.—In Backergunge the total receipts amounted to Rs. 32,893-6-1, as per details given on the margin; nearly two-thirds of which were spent on office establishment and contingencies to complete the valuations of the numerous estates and under-tenures of the district. The remainder was spent on original works and repairs, leaving a balance of Rs. 2,603-10-4 at the close of the year.

16. With the means at the disposal of the District Road Cess Committee nothing more could be expected. They had to meet only once during the year to consider the budget estimate of works to be undertaken in the current year, there having been no other matters for deliberation.

17. Under the orders of Government No. 2230, dated 29th August last, to the address of the Board of Revenue, road cess commenced to be levied from 1st October. The receipts are estimated to amount to nearly one and a half lakhs.

The following original works, in addition to repairs of existing roads and bridges, have been proposed for the current year:—

(1) Gournadi road	No. 6.
(2) Backergunge road	„ 7.
(3) Basunda road	„ 8.
(4) Two bridges on the Jhallokati road	„ 1.
(5) Kumarkhali khall	} Not numbered yet. The list is under revision.
(6) Taltollah „	
(7) Punabalya „	
(8) Nulchitti Bharani khall	

18. Beyond repairs to existing roads and bridges, and the execution of some petty original works, nothing more can be expected within the present year, as the working season is now so far advanced and a proper working establishment has still to be organized. A separate application will be made on the subject mooted in paragraph 11 of the Chairman's report of the 9th February 1877, hereto appended.

Other cesses	165	10	0
Ferry tolls	5,067	5	9
Miscellaneous	349	5	3
Total	1,45,721	3	3

19. *Mymensingh*.—In Mymensingh the receipts amounted to Rs. 1,45,721-3-3, from which the deficit balance of last year, amounting to Rs. 48,243-0-3, being deducted, there remained Rs. 97,478-3-0 available for expenditure during the year.

The subjoined memorandum shews how this sum was laid out:—

Rs.	A.	P.	
9,503	3	7	on account of office establishment and contingencies;
15,253	12	6	on account of engineering establishment, and payment to Government on account of services rendered by Public Works Department officers;
38,596	1	3	on account of original works;
24,570	15	7	ditto of repairs;
2,651	7	9	ditto of tools and plant;

Total ... 90,575 8 8

leaving a balance of Rs. 6,902-10-4 at the close of the year.

20. A large amount of work has been done both under the head of "Original Works" and "Repairs," but none of the works executed or undertaken had been formally sanctioned, nor have plans and estimates of any of the original works as yet been received in my office. The Chairman of the Road Cess Committee having been called upon to explain this disregard of standing rules, refers to paragraphs 13 to 17 of his report herewith submitted, and adds that the inclusion of the works in the budgets of the last year submitted by this office to Government was considered as conveying sanction to their execution. In this he is certainly wrong; and however strong may be the arguments advanced in the paragraphs of his report above referred to, it is clear that existing rules, until can-

celled or modified, must be strictly adhered to. To this subject I shall revert at the close of this report. I would merely add here, with reference to what the Chairman says in the 17th paragraph of his report, that he appears to be altogether under a misapprehension. There is nothing in paragraphs 17 and 18 of my predecessor's report, No. 653R., dated 8th February last, which approves of works being carried on in an informal manner.

21. The expenditure on village roads in the sudder sub-division has been very small, being only Rs. 55-14 against Rs. 1,000 budgeted; while in the sub-division of Atia and Jamalpore the expenditure has been nearly double the amount allotted, and in Kishengunge sub-division the allotment has been exceeded by Rs. 120. The Chairman has been requested to explain these.

22. The works proposed to be undertaken during the current year are as follow :—

		No.
(1) Road from Rāmgopalpore to Eshwargunge	...	12
(2) Ditto Shumbhoogunge to Doorgapore	...	10
(3) Ditto Mudhoopore to Tangail	...	11
(4) Timber bridges on the Subankhally road	...	1
(5) Repairs to existing roads		

at an aggregate cost of Rs. 55,230.

23. *Tipperah.*—In Tipperah the amount available for expenditure during the year was Rs. 1,35,651-10-0, of which—

	Rs.	A.	P.	Rs.			
Collections under				Rs. 8,039	2	8	were on account of office establishment and contingencies.

				„ 2,061	5	6	ditto refunds.

Total ... 1,02,015 5 1 have been expended, leaving a balance of Rs. 33,637-4-11 at the close of the year.

24. The Chairman's report, with enclosures herewith submitted, give full details of the works executed, and I have nothing to add to it beyond expressing my approbation of the energy, zeal, and discretion with which the works have been carried out. I notice prominently that out of the sum of Rs. 60,436-15-5, shown under the head of "Original Works," upwards of Rs. 30,000 have been spent in village roads, which must have gone far towards convincing the rural population that the road cess levied from them was meant to be expended for their benefit.

25. The engineering establishment, it seems to me, is rather larger and more costly than it need be, and is possibly susceptible of some reduction. The Chairman will be addressed on the subject. Petty works may frequently be carried on without much professional supervision, as the villagers for whose benefit they are intended would gladly undertake to execute them properly if they are allowed the sums estimated for them.

26. The works proposed to be undertaken during the current year are as follow :—

(1) Brahmunberiah road	...	Nos. 3 and 4.
(2) Kalibazar	„	No. 10.
(3) Augurtollah	„	„ 16.
(4) Comillah embanked road	...	„ 56.
(5) Kuddumtullee road	...	„ 7.
(6) Repairs to existing roads and canals.		

27. In addition to the above, the Laksham road between Tipperah and Noakhally, which was proposed to be undertaken in the last year, may be undertaken this year. Its plans and estimate are now under preparation. The Mukram khall, proposed last year, has been for the present disapproved in consequence of some engineering difficulties.

28. *General remarks.*—The working establishment of each district, except Backergunge, where the cess had not begun to be levied, was sufficient for its requirements. Under the classification laid down in the Government resolution No. 1209, dated 8th March 1875, Mymensingh and Tipperah are each districts of the 1st class, and each have a District Engineer of its own, with several overseers. Dacca and Backergunge are in the 2nd class, all their works having been carried out by overseers of the District Committees, under the professional supervision of the Divisional Executive Engineer. Furreedpore is in the 3rd class, with a Resident Engineer of its own, and some overseers under him.

29. The largest amount of work was done in Tipperah, and its several Road Committees appear to have worked with great energy and zeal, while the outturn of work in Furreedpore, compared with its income, has been the least.

30. In conclusion, I would take this opportunity of adverting to one or two of the rules for the guidance of District Committees and Engineers in carrying out works from Road Cess Funds, as contained in Government orders No. 173, dated 7th May 1872, and

No. 1209, dated 8th March 1875, and first with regard to rule 5 of the first orders, which requires the Superintending Engineer to make regular tours of inspection at least once a year. It will be seen from the report of the Chairman of the Mymensingh Committee that the Superintending Engineer has not seen a single work, either original or of repair, since 1873. Mr. Pawsey's remarks as to the necessity or, at all events, the advisability of this officer having some acquaintance with the district appear to me to have much truth in them; and the result of this want of knowledge appears to be not unfrequently waste of time and an expenditure of money that would not be necessary had this officer any acquaintance with the general features of the country. I think, therefore, that for the future these tours should be insisted on.

31. I think it would facilitate the operations of the Committee if the money limit on their power of sanctioning original works were extended.

In cases where the District Engineer has the qualifications of an Executive Engineer, and where the proposed work could not injure the country by obstructing the drainage, or in any other way, I think this limit might with advantage be raised from Rs. 2,500 to Rs. 5,000, and in cases where he has those of an Assistant Engineer, from Rs. 1,500 to Rs. 2,500, or perhaps Rs. 3,000. Similarly I would extend Commissioner's powers of sanction to Rs. 15,000, subject, as now, in the case of works costing above Rs. 10,000, to the professional approval of the Superintending Engineer. Repairs may continue to be dealt with as at present. There is seldom any delay in these being taken in hand, as the Commissioner's powers of sanction are unlimited, and his approval can at all times be speedily obtained.

32. It has been recently ruled that the widening of an existing road must be treated as a new work. I venture to think this is not necessary. The mere widening of a road is usually hardly a matter for professional consideration; indeed such works have generally to be undertaken in consequence of some purely local circumstances with which the Local Committee may, I think, be safely left to deal, provided the cost of such work does not exceed the limit up to which they can carry out repairs. When this is exceeded the Commissioner's sanction should be obtained.

33. In Mymensingh and Backergunge particularly there will soon be a very large annual income available for expenditure on district works. The requirements of both are almost illimitable, and I am very strongly of opinion that some increased facilities for carrying on works are much required. The District Committees are composed of men of intelligence and local knowledge; they have the means of obtaining proper professional advice, and as the money under their control is raised from their own district, I think they may safely be trusted to spend it to the best advantage, and to work subject to fewer restrictions than they are at present.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 204.

The 13th July 1877.

UNDER Section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Chittagong, Noakholly, and Chittagong Hill Tracts, of works done and in progress during the past cess year 1875-76, together with the remarks thereon of the Commissioner of the Chittagong Division, are published for general information.

G. A. D. ANLEY, C.E.,

*Asst. Secy. to the Govt. of Bengal
in the Public Works Dept.*

No. 36L., dated Chittagong, the 8th December 1876.

From—BABOO NOBIN CHUNDER SEN, Vice-Chairman, District Road Committee,
To—The Chairman of the District Road Committee, Chittagong.

I HAVE the honor to submit a report of the Road Cess Committee's operations in the district during the cess year 1875-76, together with the detailed account current of the receipts and expenditure of the District Road Fund for the same year.

2. The Committee during the year consisted of 5 official and 10 non-official members, and they had 7 meetings, the average attendance being 6.14. The names of the members, together with the number of meetings attended by them, are given below :—

Official.

Names of Members.	Designation.	Number of meetings.
T. M. Kirkwood, Esq. ...	Magistrate and Collector ...	4
J. C. Veasey, Esq. ...	Covenanted Deputy Collector ...	2
Baboo Nobin Chunder Sen ...	Vice-Chairman, Personal Assistant to the Commissioner ...	3
F. E. Fargiter, Esq. ...	Assistant Collector, in charge, road cess ...	5
Baboo Khetter Mohun Bose ...	Executive Engineer ...	4
B. Rattray, Esq. ...	District Superintendent ...	1

Non-official.

R. Macalpine, Esq. ...	Tea Planter ...	6
W. Campbell, Esq. ...	Ditto ...	2
Baboo Lal Chand Chowdry ...	Zemindar and Merchant ...	3
„ Kanta Persad Hazari ...	Zemindar ...	6
„ Gopee Mohun Ghose ...	Ditto ...	0
Shaik Abdul Malum ...	Merchant ...	7
Baboo Rames Churun Roy ...	Zemindar ...	0
Meah Mobaruk Ali Chowdry ...	Ditto ...	0
Shaik Abdullah Khan ...	Ditto ...	0
„ Assanullah Chowdry ...	Ditto ...	0

An abstract of attendance is also submitted with the appendix in the regular form.

The following members were conspicuous by their non-attendance; and as they neither take any interest in any other way in matters connected with the district road, their names ought to be removed from the list, and their places usefully filled up :—

Baboo Gopee Mohun Ghose.	Moulvi Mobaruk Ali Chowdry.
„ Rames Churun Roy.	„ Abdullah Khan.
Moulvi Assanullah Chowdry.	

The rest of the members have, I think, evinced fair activity and interest in discussing matters that were laid before them, though, owing to the paucity of funds, there was nothing of any exceptionable importance done during the year.

3. The estimated receipts of the year, as contrasted with the actuals, are shown below :—

		Estimated receipts.			Actual receipts.		
		Rs.	A.	P.	Rs.	A.	P.
1. Miscellaneous cesses	...	1,450	0	0	2,656	9	2
2. Canal tolls	...	7,410	0	0	6,558	0	0
3. Ferry tolls	...	6,663	0	0	7,204	5	0
4. Grant-in-aid from Government	...	7,500	0	0	7,500	0	0
5. Ditto khas mehal	...	1,034	0	0		
6. Ditto private source	...	2,200	0	0	600	0	0
7. Fines and refunds			95	11	9
8. Miscellaneous receipts	...	6,958	0	0	99	11	3
Total	...	33,215	0	0	24,714	5	2
Balance at close of 1874-75	...	5,592	4	10	5,592	4	10
GRAND TOTAL	...	38,807	4	10	30,306	10	0

It will be thus seen that the actual has fallen short of the estimates by Rs. 8,500-10-10, the reason being as follows.

Canal tolls.—The canals were sold for Rs. 7,410, out of which Rs. 741 were realized in 1874-75 and Rs. 5,844 have been realized during the year, the balance being Rs. 825, of which Rs. 318 have been remitted, as one of the canals was closed during a part of the year for silt clearance, and Rs. 507 have yet to be realized from the farmers. Besides Rs. 5,844 realized as stated above, Rs. 714 have also been credited to the last year's account, being the advance for the current year.

Khas mehal.—The Collector has declined to pay this grant that was estimated from Government khas mehal, as Government sanction has not yet been received by him. It is difficult to account for this extraordinary delay; the amount has, however, been credited to the current year's estimate.

Out of Rs. 2,200, estimated as receipts from private sources, Rs. 1,600, which was expected from the Conservator of the Port, has been withheld, as there was no sufficient surplus at credit of the Port Fund—*vide* Commissioner's letter No. 82C.C., dated the 5th May 1876.

Miscellaneous receipts.—Under the heading of Miscellaneous receipts, Rs. 6,958 was expected to be refunded by Government, as this amount was advanced by the District Road Fund to the road cess assessment establishment; but as the Accountant-General, Bengal, latterly, by his letter No. 697T.M., dated the 28th September 1875, has simply authorized us to overdraw our fund by Rs. 1,250 every month for the said establishment, the estimated amount could not be recovered. Rs. 99 shown above as receipts are proceeds from other sources.

Increase is observable only in cases of miscellaneous cesses and ferry tolls. The former is attributable to the realization of Rs. 1,196 over and above the amount estimated as fines for non-submission of returns under the Road Cess Act, and the latter is chiefly due to the increased sales and the consequent increase in the advance of the current year. This year they sold for Rs. 8,632, against Rs. 6,663 of the previous year.

4. The subjoined table shows the estimated as well as the actual expenditure of the year under report:—

			Estimated expenditure.			Actual expenditure.		
			Rs.	A.	P.	Rs.	A.	P.
1. Cost of Committee's office establishment	420	0	0	455	0	0

					17,760	2	0
Deduct balance at the close of 1875-76 in the hands of several disbursers			2,342	10	0
Deficit at close of 1875-76			15,417	8	0

* The above figures will show that the Committee's finance is not at all in a flourishing state. The actual expenditure exceeds the estimate by about Rs. 17,000, Rs. 22,138-12-5 having alone been advanced to the road cess collection establishment, for which no provision was made in our estimate, under the impression that the necessary funds will be supplied by the Government, subject to repayment from the proceeds of the road cess when it begins to be collected. But, as explained above, Government has subsequently decided otherwise. The actual expenditure, both on original works and repairs—noticeably on the former—shows a considerable falling off from the estimate, owing to the sanction of the Superintending Engineer to the estimate of the former having been received too late in the year—*vide* Commissioner's letter No. 109G.M., dated the 16th March 1876. This, however, looking to the drain that was put on our fund by the road cess valuation establishment, must, I think, be considered fortunate, otherwise we would have been landed in a greater bankruptcy than what is shown above. As it is, we have begun the year with a deficit of about Rs. 15,000.

All road and canal works, original and repair, were undertaken during the year under report by the Committee's own establishment, the original works alone being under the supervision of the Executive Engineer. The total cost of establishment, together with the percentage ($4\frac{1}{2}$ on the value of the original works) paid to the Executive Engineer, was Rs. 4,209, or about 25 per cent. of the total outlay, viz. Rs. 14,475. This high percentage is attributable solely to the paucity of outlay. The work done was little, but nevertheless it was scattered all over the year, and the establishment had to be retained in full.

5. The details of the work done during the year will be found in the Appendix B. It may, however, be briefly stated here that over $87\frac{1}{2}$ miles of road repairs have been executed, while $3\frac{1}{2}$ miles have been constructed during the year; and with this slight addition indicated above, the length of the unmetalled roads in this district may be stated at 307 miles. This slight addition was made to the Hill Tracts and Ramghur roads. The importance of these two roads was strongly pointed out in the last annual report; but the Committee regret that, owing to the lowness of their fund, there is little prospect of these two lines of roadways being completed even in another two years.

Besides the above, one mile of Banskhal canal was also cleared of its silt.

6. The prospect of the current year is also by no means cheering. Considering the want of the district, little has been done during the year under review: that during the current year promises to be still less. The receipt of the current year has been estimated at Rs. 25,000, while the cost of the road cess collection establishment alone is expected

* Sanctioned by the Board of Revenue as per No. 2058, of 17th August 1876.

to be about Rs. 20,000. Our budget was framed with an estimated deficit of Rs. 35,000 at the end of the year, it being understood that Government will allow us to overdraw our fund for the cost of the said establishment; but while our budget, on the one hand, has been returned for submission of a revised one equalizing the receipts and disbursements of the year, the treasury officer has, on the other hand, already deducted Rs. 10,000 from our current year's receipts on account of the deficit at the end of the last year, which amounted to Rs. 15,000. So we have virtually only Rs. 15,000 as our receipts, a portion of which only we will, I think, be able to lay out on roads, as, until we have run completely through our funds, we will have to bear the cost of the collection establishment.

7. This is not all. The cyclone, which passed over the district just after the close of year, viz. on the night of the 31st October last, has caused considerable damage to several roads and bridges, some of the latter having been completely swept away. It was only last year that the Committee sustained serious loss by an unprecedented inundation, the effects of which on their roads and bridges have not as yet been wholly removed; and the late cyclone will, therefore, probably make it necessary for them to apply for a loan from Government to be repaid from the proceeds of the road cess. Details of the damages caused by the late cyclone are given below.

Arracan Road.—A portion of the western side of the road and the wooden bridge No. 1 have been washed away. A temporary bamboo bridge has lately been put on in the place of the latter.

Chandpore Road.—This road has sustained great damage in several places. Two piles of the bridge No. 1, and the platform of the bridge No. 21, have been carried away; also the approaches of all the bridges have been severely injured, and the bridges are now made passable by putting up bamboo platforms on either ends.

Anwara Road.—The slope of the road has been partly washed away by the inundation, but no damage done to the existing bridges.

Moiskhal Strand Road.—The road has severely been damaged in two places, and the stone ballasts which were put alongside on the slope of the road, for protection of the embankment from the river Kurnafuolee, have partly been swept away by the inundation. A masonry pillar of the bridge No. 5 has fallen down, and the abutments and wings of the bridges Nos. 4 and 5 have slightly been injured.

Moiskhal towing path.—This road and its bridges have sustained great damage by the flood. Four wooden bridges from the line of this road have been swept away; temporary bamboo bridges have been put up in order to make the road passable for foot traffic.

Khaloo Ghât Road.—This road has been injured in several places, and the existing bridges, with the exception of one which has suffered rather badly, have all been damaged by the inundation.

8. In conclusion, I have to notice with satisfaction the conduct of the officers who were borne during the year on the Committee's establishment. The District Overseer has shown his usual activity and energy throughout the year, and was prompt in carrying out the orders of his superiors. The Committee's clerk also deserves favourable notice. He has discharged his responsible, and somewhat intricate duty with great punctuality and attention. I regret that, compared with other districts, his pay is rather small; but I hope the Committee will gladly take his case into their special consideration when the collection of the road cess will enable them to give him an increase.

No. 49L., dated Chittagong, the 15th December 1876.

Memo. by—H. J. NEWBERRY, Esq., Chairman of the District Road Committee.

Copy forwarded to the Commissioner of the Chittagong Division. The finances are of course in a very depressed state, and I see no way out of the difficulty but to incur a debt to Government, to be repaid by instalments from the time the assessments are completed. At present establishment swallows up so much that the fund, as a road fund, is altogether paralysed.

APPENDIX. B.

Memorandum of Chittagong District Works executed during the year 1875-76.

ORIGINAL WORKS.

Roads and Bridges.

Widening and straightening the Ramghur road.—This road has been widened and straightened two miles between the 13th and 19th miles, and made passable for carts.

Widening and straightening the Hill Tracts road.—One and a half mile of embankment has been completed on this road between the 3rd and 6th miles.

River and canal works.—*Banskhali canal.*—The canal has been cleared out one mile in length from the mouth of Kodala Nallah to Kookorree Surrah, and it is in fair condition; no repair will be executed during the current year.

REPAIRS.

Roads and Bridges.

Repairs to the Arracan road.—This road has received surface repair between the east bank of the river Kurnafoolee to the north bank of the old Hanger Nallah, on the 4th, 6th, 7th, 15th, 16th, 22nd, 23rd, 25th, 26th, 27th and 28th miles; wooden bridges Nos. 1, 2, 3, 9, 12, and 15, have been repaired, and partly the level of the road on the 8th and 9th miles has been raised. The road is in fair condition, and passable for carts. The floating jetty has been re-fixed, and a new road has been branched off from the Arracan road leading to the jetty (200 feet in length and 12 feet wide) on the east bank of the Kurnafoolee and on the mouth of the Boalkhali canal, and it is perfectly in good order: 81,867 bricks have been made for construction of abutments and wing walls to the ends of bridges Nos. 22½, 23, and 25 on the 16th mile.

The construction and repair to the bamboo bridges on the Southern Arracan, Gurjoneeah, Ukheah, Nheela, Juldee, Parkee, Eastern Hill Tracts, and Raujan roads, have been completed, and the jungles from the sides of the hilly road have also been cleared out.

The masonry abutments and wings to the north ends of the bridges Nos. 23 and 25, and the wings walls to the culvert No. 22½, will be constructed during the current year in place of the old wings, which have been damaged by the floods of August 1875. Necessary surface repair to the road will be executed from east bank of the river Kurnafoolee to the Choonate hills, and the bridges will receive necessary repairs.

Wooden revetment and wings will be put on to the east approach of the bridge No. 9 over the Nallah Chandkhali.

Repairs to the Ramghur road.—Surface repair has been made to the road between 3rd and 26th miles, and 20 wooden bridges have been repaired. The road and bridges are in fair condition, and are passable for vehicles. During the year 1876-77 necessary repairs to the road as well as to the bridges will be done from the northern boundary of the Municipality to Jogeeny Ghât. The road will be widened and straightened between Coterpur and 15th mile, as this was not completed in 1875-76.

Repairs to the Hill Tracts road.—Necessary repairs on the surface of the road from Hât-hazari to the third mile have been done, and the wooden bridge No. 4 has been repaired. It is in good condition, and passable for carts up to one and a quarter mile; the remaining part being unfit for cart traffic, owing to the absense of bridges and narrowness of the old bridge No. 4. In 1876-77 surface repair will be executed to the road, and the bridges Nos. 1, 2, and 4, will be repaired. It is proposed to extend the road from Sultanpore to the western boundary of the hill tracts by the old Raujan road.

Surface repairs to the following minor roads have been executed:—Tipperah pass road, Nasirabad road, Kalurghat road, Bakolia road, Hallieshabar road, Moieskhali towing path, Moieskhali strand road, Chandpur road, Unwara road, Poroykora road, Shakirapole road, Dhulghat road.

Bridge No. 4 has thoroughly been repaired on the Shakirapole road; seven old wooden bridges have received repairs on the Chandpur road, and eighteen bamboo revetments have been placed to the approaches of nine bridges on the same; one wooden bridge on the Dhalghat road has also been repaired.

Repairs to the Ramoo road.—40,893 cubic feet of earth-work were done in filling up gaps of this road, at a cost of Rs. 92-11-1; ninety-two thick jarool planks were purchased at a cost of Rs. 276 for bridge work, and Rs. 3-1 were incurred in conveyance and removal of the same to proper places.

Petty repairs were done to the extension of this road to the beach, at a cost of Re. 0-12-9.

Chairman.

No. 1R.C.C., dated Noakholly, the 28th February 1877.

From—R. PORCH, Esq., Offg. Magistrate and Chairman, District Road Cess Committee, Noakholly,

To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the following report in connection with the local works undertaken during the past cess year ending with the 30th of September 1876.

2. During the year under report there have been three sittings of the District Road Cess Committee, attended by the following members:—

Meeting held on the 3rd November 1875.

A. Manson, Esq., *Chairman.*

Babu Bogula Prosono Mojumdar, *Vice-Chairman.*

A. Blair, Esq., *Official Member.*

Moulvi Abdul Aziz Khan, *Non-official Member.*

3. This meeting was called to consider the annual accounts, but as a quorum was not formed nothing could be done; but, with the concurrence of the members present, the accounts were passed and submitted under the Chairman's countersignature.

4. *Meeting held on 10th May 1876.*

PRESENT:

R. Porch, Esq., *Chairman.*

Babu Bogula Prosono Mojumdar, *Vice-Chairman.*

Moulvi Abdul Aziz Khan, *Non-official Member.*

5. The business proposed to be transacted in this meeting had to be deferred to another meeting owing to no quorum having been got together; but, in consideration of the urgency, the revision of the budget, which formed one of the subjects of business proposed to be considered by the Committee, was passed under the sanction of the Chairman.

6. *Meeting held on 15th August 1876.*

PRESENT:

R. Porch, Esq., *Chairman.*

Babu Bogula Prosono Mojumdar, *Vice-Chairman.*

Moulvi Abdul Aziz Khan, *Non-official Member.*

Hasan Ali Chowdhry, *ditto.*

Babu Chandra Nath Chowdhry, *ditto.*

Munshi Munwar Meah, *ditto.*

Babu Kali Nath Bose, *ex-officio Road Cess Deputy Collector.*

7. This was the only meeting during the year in which a quorum was got together, and the very important business, viz. the consideration of the budget estimate for the cess year 1876-77, was transacted and submitted to your office, viz. to the Commissioner of the Division.

8. As hitherto, the District Road Cess Committee of Noakholly has been found to be nominal in character. The members living in the interior take little interest and no part in the Committee's business, and render no assistance whatever in the execution of projects for local improvements.

9. The management of the works carried out in the district falls upon the Chairman, along with the direction of the Committee's business. The Chairman has to suggest the works and put forward projects for the working establishment. During the last three years not a single suggestion from any member in the interior connected with local improvements has been received. No one among them notices the way in which any road work in their immediate vicinity has been carried out.

10. The business of the Committee is for the most part delayed, and otherwise inconvenienced, owing to the difficulty of getting a quorum together.

11. The members of the Committee out in the district are generally very apathetic, and can hardly be got to apply themselves to any object not immediately and visibly productive of individual lucrative advantage.

12. Nothing but the promotion of their own interests ever brings them willingly to the head-quarters. They only leave home when their absence for a time is likely to be of personal benefit.

13. Their ways, habits, and idiosyncrasies, do not as yet fit them for being active practical members of a working committee at head-quarters; they are all of them, nevertheless, useful, as associated with the head of the district for district improvements; and communicating personally with these local representatives on road cess matters when on tour near their homes I consider to be an important part of the duties of the cold-weather tour, and do not object to such persons continuing members of the Committee, though, consulting their own convenience, they may seldom or never attend the meetings of the Committee. There is much to be said in excuse for these well-meaning men, whose homes are a long way from the station.

14. I have recently submitted certain nominations of neighbouring residents as members of the District Road Cess Committee, and hope that when those nominations are sanctioned, the inconvenience now felt in the transaction of the Committee's business will be obviated to a certain extent by exalting the requirements of the law to be at once fulfilled.

15. During the year under report, the district roads sustained considerable damage from the flood of August 1875, and they could not be restored to fair order even owing to paucity of funds and to the sudden and unexpected curtailment of the Government grant. Every possible effort was made to move the Government to reconsider its order in respect to the withdrawal of the allotment made to this district, but without success. An attempt was made also to procure a loan, which was disallowed; the Committee then had no alternative but to carry out urgent and necessary repairs as far as means at their disposal admitted.

16. During the year the following works have been executed.

17. Four miles of the Lucksham road were raised and widened at a cost of Rs. 2,350-1-3. The earthwork done to this portion of the road amounted to 779,620 cubic feet.

18. The masonry work of the six timber-topped bridges on the Lucksham road was completed at a cost of Rs. 207-4-11. The necessary materials were procured in the preceding year, but the planking of the bridges was deferred for want of funds.

19. Bamboo spurs and palisades were fixed at Mohindaghona to prevent an encroachment on the road by the Noakholly khall. This work is carried out every year for the protection of the road. The Committee proposed to alter the line of the road, and laid down Rs. 800 for the purpose in the original estimate for the year under notice as a measure of economy, wishing thereby to avoid annual waste of money by temporary construction of bamboo spurs; but the project was temporarily abandoned, owing to the curtailment of the budget grant.

20. A section of the Shahebghatta road was altered owing to the original line of road having been cut away by the current of the Noakholly khall.

21. *Rivers and canals.*—The only work undertaken during the year under notice under this head is the cutting of a short canal at Shahebghatta, to save the Taktakhali road and the adjacent country from the constant encroachment of the Noakholly khal. This was a cutting of a bend of the khal to straighten the passage and to divert the stream. This work was finished, at a cost of Rs. 1,179-5-3, to a distance of 2,000 feet.

22. Parts of the district main roads passing through the sudder station have been metalled to the extent of 1,190 cubic feet.

23. Considerable repairs were done to the main roads of the district, viz. Devangunge, Begumgunge, Old Lakhipur, Taktakhally, Chittagong, and Luksham roads: Rs. 6,309-7 were thus expended on these roads.

24. Surface and slope repairs, jungle clearing, and filling up rat-holes, have been attended to on the other petty roads of the district, so as to render them passable.

25. The station roads were dressed to a length of 268,750 feet, and levelled to the extent of 207,000 cubic feet earth-work.

26. The Ramgunge road has been repaired to the extent of 226,900 cubic feet. Much earth-work was done to it in order to make it passable by travellers and convenient for the conveyance of the dāk. This road, though not open to much cart-traffic, is much frequented by people of that part of the district when coming to and from between head-quarters and the interior.

27. The flood of August 1875, and the incessant rains that fell during the year, caused considerable damage to the district bridges. Also they were made passable by repairing the masonry portions, and by re-planking the superstructure where necessary, so as to prevent any interruption of traffic, so far as the limited means at the disposal of the Committee would admit of.

28. Besides the amount disbursed from the District Road Cess Fund, Rs. 262 were spent during the year from the Circuit-house Fund in improving the roads leading to the circuit-house, by repairs to the existing roads and by the construction of two culverts.

29. The Dhumchur bridge, where a toll-bar is established, had undergone considerable repairs. Part of the bridge had been reconstructed by building masonry buttresses and

renewing the wooden platform. Rs. 1,472-14-4 had to be spent on this bridge owing to the damage it had sustained from the flood of August 1875.

30. The same work has to be renewed this year, as all that was done last year was swept away by the cyclone and inundation of the 31st of October last. Immediate steps were taken to restore it as before.

31. I may remark here that the cyclone and inundation of the 31st October 1876 have caused very great injury to the district roads and bridges, and a considerable amount will have to be expended to restore them to their former condition.

32. I have the honor to state that the submission of this report has been delayed owing to the non-receipt of certain information called for from the Executive Engineer of the division, which has not yet been supplied.

33. As it does not seem expedient to wait for the above information, I beg to submit the report as it is, without further delay.

This might be attributed owing to these residents being distantly situated from the headquarters, and also for their not taking any interest in the matter of local improvement.

Explanation.

AN increase of Rs. 9-6 will be observed under the head of "Miscellaneous," and a decrease of the same amount under the head of "Tolls," when compared with the quarterly returns. This was owing to the amount having been shown in the third quarterly return under the head of "Tolls" instead of "Miscellaneous."

A decrease of the sum of Rs. 466-14-8 will also be seen under the head of "Repairs" when compared with the quarterly returns. As the amount of Rs. 350 advanced from this office direct to Mr. Andrews, local Overseer, was included in the fourth quarterly return, and now omitted owing to the Executive Engineer having proposed to show the amount in his account in the present cess year, the amount was shown in the annual account as outstanding balance. A further sum of Rs. 116-14-8 has been deducted from the outlay on repairs of roads and bridges, under the instructions of the Examiner of Public Works Accounts, Bengal.

R. PORCH,
Chairman.

No. 1063, dated Camp Ruma, the 29th November 1876.

From—J. ANDERSON, Esq., Deputy Commissioner,
To—The Commissioner of the Chittagong Division.

I HAVE the honor to forward the annual report of the Chittagong Hill Tract District Road Fund for the year 1875-76, commencing, from 1st October 1875 and closing with 30th September 1876.

2. The account of income and expenditure for that period is given below:—

Advances outstanding ...	6,898	15	11
Total ...	9,700	10	7
Deduct balance at credit of deposits ...	3,600	0	0
Net balance available on the 30th September 1876 ...	6,100	10	7
Total as above ...	20,823	2	9

3. At the commencement of the year there were Rs. 8,071-4-6 outstanding on account of advances made to Tipras in 1872 for immigrating into Myoni Valley, and for advances made to sufferers during the heavy floods of July and August 1875, as per Bengal Government letters, Nos. 3071 and 2137, of 18th May 1872 and 25th August 1875, received with Commissioner's Nos. 257 and 294H, of 23rd May 1872, and 4th September 1875, respectively. From the amount in question Rs. 6,001-4-7 were recovered during the year, leaving a small balance of Rs. 2,069-15-11 recoverable during 1876-77; but to that amount a sum of Rs. 4,829 was added, owing to the scarcity which prevailed in the Chingree Valley and in other places within the Hill Tracts during the last rainy season, which scarcity was warded off by advances to hill chiefs and other headmen. Both the above items of advances make up a sum total of Rs. 6,898-15-11 shown under the head of advances outstanding at the close of the year under review. The greater portion of these will undoubtedly be reimbursed to Government in cash or labour during the next four or five months.

4. The sum of Rs. 3,600, shown as balance at credit of deposits, was added to the funds of this district in May 1874 by the Accountant-General of Bengal, which amount is in excess of this District Road Fund grant. The Treasury Officer and the Accountant-General were repeatedly requested to adjust the accounts, but they have not done so up to date.

5. The District Road Cess Act, X of 1871, cannot be introduced into this district, as there are no landed interests on which the tax may be levied; hence a Road Cess Committee has not hitherto been needed in this district. The works are executed under the immediate supervision and control of the Deputy Commissioner, and the expenditure is incurred under the authority of the Commissioner of Chittagong.

6. The following works were executed on the main road from the Rangamattee towards Chittagong.

7. *Communication, original works, Roads and Bridges, South-Eastern Trunk Road, Looshai Branch, Rangamattee, towards Chittagong, 24 miles. Class IV, No. 5.*—The sides of the hills near Rangamattee for a distance extending over a mile were levelled, giving a breadth to the road varying from ten to eighteen feet at the top; and about 97,000 cubic feet of earth were excavated and removed: cost, Rs. 972-6-4.

8. About two miles of road running through marshy land was made into a permanent road by excavating and throwing on that road about 350,000 cubic feet of earth, at a cost of Rs. 2,938-5-8. A large quantity of the earth was brought from a distance of 150 to 200 yards. This part of the road opens out a large piece of flat land watered by small hill streams to plough cultivation. A part of the land was taken up for that purpose by some hillmen and a dam constructed to collect water for the purpose of destroying the jungle

which grows luxuriantly on both sides of the road; but unfortunately the embankment gave way in August last, and the large collection of water covering an immense area of rice land escaped. The men will reconstruct the dam next dry season.

9. The top of the hill near Rangamattee was cut, and 191,000 cubic feet of earth removed: cost, Rs. 1,494-8-6. The height of the hill has now been reduced by about 50 feet, rendering it easy to climb, and has been nearly fitted for wheeled carts.

10. About 70,000 cubic feet of earth were cut and removed from Manickcherry hill at a cost of Rs. 615-4. The Executive Engineer has requested a large portion of that hill to be cut down, without which a road practicable for wheeled carts cannot be made.

11. About 300 feet of the rocky sides of hills below Goagramoin on the above road were cut and the road improved: cost, Rs. 190-3.

12. About 1,450 yards of small roads were constructed at the station at a cost of Rs. 292-2, by cutting the sides of hills and removing 18,200 cubic feet of earth; and 700 yards of road from the police new hospital to the foot of the Deputy Commissioner's cutcherry at Rangamattee improved by cutting 5,000 cubic feet of earth: cost, Rs. 195.

13. Of the 89 temporary bridges constructed on the road from Rangamattee towards Chittagong, 64 were made of bamboos with light wooden logs and props, and 25 of thick logs of wood. Mules and cattle can pass over the former, and elephants over the latter bridges. The total length of these is about 2,000 feet, and the average breadth about 5½ feet: cost, Rs. 2,024-7-3.

14. A dam for keeping a reserve of water was constructed at Rangamattee at a cost of Rs. 471-10, and 11,800 cubic feet of earth were thrown and turfed at the junction of the beds of two hill streams. A waste drain was also cut to a length of 160 feet with a depth of 7 feet. It has stood the rains, and is in good order.

15. A masonry spring well for pure water was constructed at a cost of Rs. 425-6-6 below the new hospital at Rangamattee. The well and its water are in excellent condition.

16. A circuit bungalow was constructed at Rangamattee,—*vide* Bengal Government letter No. 3935, of 7th August 1875: cost, Rs. 712-9.

17. A village road to Linginullah from the bank of the river Kurnafoolee was constructed by cutting and removing jungle: cost, Rs. 28.

18. *Kurnafoolee River, one mile. Class IV, No. 9.*—The channel at Uttanchuttra, between Rangamattee and Demagree, of the river Kurnafoolee, was improved by cutting and removing *débris* which had collected during the rains: cost, Rs. 492-15-1.

19. *Repairs and maintenance, Chunderconah, towards Rangamattee, three miles. Class II, No. 2.*—Repaired three miles of road from Chunderconah, towards Rangamattee, by cutting and removing jungle; also the wooden bridge on that road: cost, Rs. 21-13-8.

20. *Rangamattee, towards Chittagong, 24 miles. Class IV, No. 5.*—Repaired twenty miles of road from Rangamattee, towards Chittagong, twice in the year—once in December and again from August onwards, by cutting and removing jungle and sunn grass: cost, Rs. 568-0-9.

21. *Débris* and boulders which had fallen on the road towards Chittagong were removed: cost, Rs. 160-5-6. About 650 yards of road, at a cost of Rs. 96-10; the revetment of the road and two masonry wells, at a cost of Rs. 68-12-9, were repaired and white-washed at head-quarters.

22. Bricks were burnt and lime purchased for repairing the masonry ghât at Rangamattee at a cost of Rs. 145-2; but the repairs could not be executed owing to an outbreak of cholera towards the close of March and beginning of April last, and to the setting in of the rains earlier than usual. The repairs will be executed as early as they can conveniently be taken in hand during the present cold weather.

23. *Ruma to Rangamattee, 66 miles. Class IV, No. 7.*—About 24 miles of road from Ruma, towards Rangamattee, were repaired by cutting and removing jungle twice in the year—once in December, again in July and August last, and ten temporary bridges made on that road: cost, Rs. 560.

24. *Rangamattee, towards Chittagong, 24 miles. Class IV, No. 5.*—The survey of the road from Rangamattee towards Chittagong, which had been placed under the supervision and direction of the Executive Engineer of Chittagong about the commencement of the road cess year, was closed in July last; but that officer has re-opened the survey of a part of the road which passes through the foot of high hills and is intersected by several hill streams. The levels of the road have yet to be taken and the estimate framed.

25. The road from Rangamattee towards Chittagong, which is being surveyed, will undoubtedly be of great importance when completed in opening out the Kurnafoolee Valley. The road from that district towards Rangamattee is pushed on for that purpose with great energy and vigour (*see* annual report of that District Road Fund for 1874-75, published in *Calcutta Gazette* of 10th May 1876, Part I, page 469), but owing to want of funds the construction of the road from this district lags far behind. It will take years before it can be made fit for carts.

26. *Establishment, contribution to Public Works Department.*—Under Government Notification No. 364, of 20th July 1875, the grant-in-aid from the Provincial Reserve Funds for 1875-76 was Rs. 15,000. On its basis the budget estimate was framed and submitted with this office letter No. 151R., of 17th September 1875, and a sum of Rs. 3,385 was reserved for contribution to Public Works Department; but subsequently, by Government Proceedings No. 1725, of 8th April 1876, the grant was reduced to Rs. 7,500, and a revised

estimate was forwarded with this office No. 118, of 28th April last, fixing the amount of contribution for that Department at Rs. 2,531-3-3, as follows:—

	Rs.	A.	P.
For surveying the road from Rangamattee towards Chittagong by Public Works Department	2,031	3	3
Further contribution to Public Works Department	500	0	0
Total	2,531	3	3

The Government of Bengal has not sanctioned the above allotment, but has required (*vide* its Proceedings No. 3101A., of 29th August 1876, received with Commissioner's No. 372G.M., of 14th September 1876,) to be placed at the credit of the Department of Public Works the large sum of Rs. 3,385, and the Controller of Accounts has thrown the burden of the survey, to the extent of Rs. 1,077-10-8, on the local establishment. The two items make a total of Rs. 4,462-10-8, the payment of which, on account of establishment, is quite out of proportion for a small district like the Chittagong Hill Tracts, the only income of which is the grant-in-aid from the Provincial Reserve Fund, not amounting to more than Rs. 7,000 to Rs. 10,000 annually. If the above payment be made, the funds of this district will greatly be crippled. Moreover, the services rendered to this district by the Public Works Department is the veriest trifle in comparison with those rendered to the regulation district of Chittagong, in which the contribution is about 4½ per cent.,—*see* Bengal Government Proceedings No. 4002, of 11th August 1875, paragraph 8, received with Commissioner's endorsement No. 328G.M., of 1st September 1875.

27. The expenditure on account of local establishment—special allowance of Mr. A. DeRozario, Inspector of Police, Rs. 600; salary of a mohurir and two Overseers, Rs. 259-7-8; new tools and repairs, Rs. 34-0-3—needs no explanation.

28. *Communications, original works, Road and Bridges, South-Eastern Trunk Road, Looshai Branch, from Rangamattee towards Chittagong, 24 miles. Class IV, No. 5.*—The execution of the following works are proposed for the year 1876-77.

29. Constructing one and a half mile of road from Rangapaniabil towards Chittagong by raising the earth-work three feet in height and 18 feet broad on the top: cost, Rs. 1,500.

30. Cutting down the top of Manickcherry hill, at a cost of Rs. 2,000, so as to make it practicable for carts.

31. Constructing half a mile of road by cutting the sides of Manickcherry hill: cost, Rs. 400.

32. Constructing one and a half mile of road from the foot of Manickcherry hill towards Chittagong by raising the earth-work three feet high, and making the road 18 feet broad at the top: cost, Rs. 1,500.

33. Clearing jungle to construct three and a half miles of the above road: cost, Rs. 75.

34. Improving the roads at the head-quarters station of Rangamattee: cost, Rs. 400.

35. Constructing a road from the foot of the Police office hill towards the bazar at Rangamattee: cost, Rs. 100.

36. Improving the road from the hospital to the river: cost, Rs. 40.

37. Compensation for taking up land for the construction of three miles of road from Rowjaun thana, in Chittagong, towards Rangamattee: cost, Rs. 2,000.

38. Raising the dam at Rangamattee for a roadway 18 feet broad, six feet high, 150 feet long: cost, Rs. 450.

39. Constructing a road from Ruma to Politye, one from Poree Rajah's village to Pyramid Hill and another road from Tega to Oipoom No. 1, the new frontier police posts, at Rs. 600 each, Rs. 1,800.

40. *Ruma to Rangamattee, 66 miles. Class IV, No. 7.*—Constructing a road at Ruma, the head-quarters of the Sungoo sub-division: cost, Rs. 250.

41. Constructing a village road from the bank of river Kurnafoolee to Singinullah, two miles in length, four feet in breadth, by cutting drains on both sides and throwing the earth on the road: cost, Rs. 80.

42. *Maintenance and repairs, Roads and Bridges, Rangamattee towards Chittagong, 24 miles. Class IV, No. 5.*—The following repairs are entered in the budget estimate:—Repairing two and a half miles of road from Rangamattee to Rangapaniabil: cost, Rs. 500; one mile of road at the head-quarters of Rangamattee: cost, Rs. 150; one and a half mile of road below Gogra Hill by cutting and removing *débris*: cost, Rs. 100; 89 temporary bridges: cost, Rs. 712; the wooden bridge at Rangamattee: cost, Rs. 25; repairing and keeping the road open from Rangamattee towards Chittagong by cutting and removing jungle and sunn grass twice in the year—once in December, and again in July and September: cost, Rs. 500; the masonry ghât, the revetment and three wells: cost, Rs. 325.

43. *Ruma to Rangamattee, 66 miles. Class IV, No. 7.*—Repairing 24 miles of road from Ruma towards Rangamattee by cutting and removing jungle and sunn grass twice in the year—once in December, again in August and September: cost, Rs. 600.

44. *Kurnafoolee River, 1 mile. Class IV, No. 9.*—Repairing 1½ mile of channel at Uttavanchuttra Rapids, between Rangamattee and Demagree, in the river Kurnafoolee: cost, Rs. 150.

45. Repairing two and a half miles of road from Feskichera to Burkal: cost, Rs. 250.

46. *Chunderconah, towards Rangamattee, three miles. Class II, No. 2.*—Repairing three miles of road from Chunderconah towards Rangamattee, by cutting and clearing jungle and by surface repair of the road: cost, Rs. 30.

47. *Establishment.*—Cost of surveying the road from Rangamattee towards Chittagong, Rs. 680, and for the services of the Executive Engineer and his establishment, Rs. 200, total Rs. 880, are reserved for contribution to Public Works Department. For local establishment, Rs. 600, special allowance of Mr. A. DeRozario, Inspector of Police, and the salary of a mohurir Rs. 120.

48. A sum of Rs. 100 for new tools and repairs, and Rs. 463-10-7 for unforeseen contingencies, are entered in the budget estimates.

49. The following is the sum total of the proposed budget estimates for 1876-77:—

	Rs.	A.	P.
Actual balance available on the 1st October 1876	6,100	10	7
Grant-in-aid from Provincial Reserve Fund	10,000	0	0
Total	16,100	10	7
Expenditure proposed, original works, roads and bridges	10,595	0	0
Maintenance and repairs, roads and bridges	3,192	0	0
River and canal works	150	0	0
Contribution to Public Works Department...	880	0	0
Local establishments	720	0	0
New tools and repairs	100	0	0
Unforeseen contingencies	463	10	7
Total as above	16,100	10	7

50. During the cyclone on the morning of the 1st November some damage was caused to the temporary bridges, and a considerable number of big trees have fallen on the road from Rangamattee towards Chittagong, on which account the budget estimates of this district will hardly be affected.

51. The survey of the road from Buma to Rangamattee, which was sanctioned by the Commissioner in his letter No. 309G.M., of 18th August 1875, at a cost of Rs. 1,500, could not be carried out, owing to a fit officer not being available to execute the work, hence the works on that road cannot be estimated for, and that sub-division has not the proper means of communication either with the men of the plains or the head-quarters of the district.

52. Finally, it is gratifying to state that the year 1876-77 has opened a field for competition for labour in the hill tracts. Hitherto, all works were executed by hill and Bengali coolies employed at a fixed salary, and very little work could be obtained from them, while the expenditure was exceedingly large. This year all earth-work has been made over to a contractor at Rs. 4-8 per every 1,000 cubic feet, and there is every likelihood that much work will be executed at a very much smaller expenditure. This being only the commencement, savings may be effected in subsequent years and changes made in the rates of contract.

53. Statement No. 6, Parts I and II, and memoranda are enclosed.

No. 6—Part II.

J. ANDERSON,
Officiating Deputy Commissioner.

No. 103G.M., dated Chittagong, the 5th April 1877.

From—E. E. Lewis, Esq., Commissioner of the Chittagong Division,
To—The Secretary to the Government of Bengal, Public Works Dept.

I HAVE the honor to submit the following report on the operation of the District Road Fund in the district of the Chittagong Division during the cess year ending 30th September 1876, and to forward herewith the divisional accounts of the fund, together with copies of the district reports and accounts for the cess year in question.

2. The submission of this report has again been delayed this year owing to the non-receipt of a complete report from the Chairman of the District Road Committee, Noakholly, until the 3rd ultimo. The attention of the Chairman has been drawn to this delay.

3. An abstract of particulars regarding the meetings of the District Road Committees in the regulation districts of this division during the year also accompanies. There being no landed interest properly speaking in the Hill Tracts on which the road cess may be levied, Act X (B.C.) of 1871 has not been extended to that district, nor has any committee been formed for the management of its road fund, which rests solely with the Deputy Commissioner.

4. During the year under review the Committee in Chittagong consisted of five official and ten non-official members, and they had seven meetings; the average attendance being 6.14.

5. Some of the non-official members were conspicuous by their non-attendance, and are reported to have evinced no interest whatever in the duties entrusted to them. The Vice-Chairman suggests that their names should be removed from the list of members, and their places filled up by men who are likely to take interest in a work of this nature. The Chairman has accordingly been asked to revise the list and, if necessary, to submit fresh nominations. The rest of the members seem to have shown fair activity and interest in discussing matters that were laid before them.

6. In Noakholly the Committee comprised four official and 14 non-official members. They had only three meetings, with an average attendance of eight, in two of which no quorum could be formed. This is most unsatisfactory. The Chairman has not only been, as he admits, transacting the business of the meetings himself in the absence of a quorum, which is irregular, but it is a matter for surprise how virtually in one meeting the business of a whole year could have been satisfactorily disposed of. As, however, the Chairman

expects no such difficulty in forming a quorum after the late revision of the list of members, I have taken no further notice of the matter than to intimate that I expect there will be a marked improvement in this respect during the current year.

7. The non-official members are reported to have taken no interest in matters connected with the district road works, nor to have lent any assistance in the execution of them.

8. The receipts of this division during the year under review on account of the District Road Fund amounted to Rs. 44,377, against Rs. 56,054-3-5 of the preceding year, viz.—

	Cess year. 1875-76.			Cess year. 1874-75.

9. The total receipts (Rs. 44,377) during the year, with the unexpended balance (Rs. 25,736-0-3) of the preceding year, aggregating Rs. 70,113-0-3, was available for expenditure during the year.

10. The actual expenditure was, however, Rs. 79,641-10-4 during the year under review, against Rs. 82,303-3-9 of the preceding year, viz.—

	Cess year. 1875-76.			Cess year. 1874-75.

On tools and plant	429	15	5	2,490	0	7
Total	79,641	10	4	82,303	3	9

11. The total expenditure (Rs. 79,641-10-4) of the year under review, with the unexpended balance (Rs. 14,174-1-11) on the 30th September 1876, amounted to Rs. 93,815-12-3, out of which Rs. 20,102-12 were deficit overdrawn from the treasury by the Chairman of the Chittagong District Road Committee in excess of the actual receipts, the fund at his disposal having been inadequate to meet the annual requirements; while Rs. 3,600 remained as a balance at credit of deposits not included in the fund at the disposal of the Deputy Commissioner as unadjusted balance.

12. As the valuations under the District Road Cess Act X (B.C.) of 1871 were not completed in Chittagong and Noakholly, where the Act has been introduced, the cess on land, &c., could not be realized during the year. This, combined with the withdrawal (*vide* Government orders No. 1725, of 8th April 1876,) of half the grant-in-aid allowed by Government resolution No. 3710, of the 24th July 1875, precluded the execution of many urgent works in those districts as well as in the Hill Tracts, which latter district entirely depends on grant-in-aid, there being no local sources of income.

13. With the diminished resources at their disposal the Committee managed in a measure to maintain their roads, bridges, &c., doing slight repairs on many of them, at the same time executing the most urgent original works.

14. The cost of repairs and maintenance during the year in this division amounted to Rs. 21,274-3-3, and of original works to Rs. 27,291-8-6. Of the former, Rs. 2,361-0-7 were spent for the maintenance of Kumaria and Moishkhal ferries in Chittagong, and of the latter, Rs. 2,600 were paid as compensation for lands acquired during the year, the cost of original works and repairs having been curtailed to the utmost.

15. There was, however, a very large expenditure of Rs. 22,844-14-9 in Chittagong on establishment that had to be entertained to make assessment, under the District Road Cess Act, on the numerous petty estates which exist in that district. The maintenance of this establishment has told seriously on the Committee's resources, and, as will be seen from its annual accounts and reports, has almost reduced the fund to a state of bankruptcy; but the Committee, it is hoped, will shortly recover from this financial difficulty, as the cess is expected to be levied in Chittagong from the commencement of the ensuing cess year.

16. It is pleasing to note that in the district of Chittagong a sum of Rs. 600 was obtained from private contribution, offered by Sheik Abdool Maloom and Kali Kumar De, towards the construction of roads in the neighbourhood of their respective villages.

17. The following is a statement showing the proposed works and the amounts estimated to be spent on them during the current year :—

18. In Chittagong the estimates originally drawn up had to be curtailed, owing to there being no fund at the disposal of the Committee; and pending the orders of Government, solicited in this office memorandum No. 17G.M., dated the 18th January last, the works in this district have been entirely kept in abeyance, as the greater part of the sum, made up of the advances sanctioned by Government and the grant-in-aid, contributions, receipts from ferries, &c., and overdrawals, has already been absorbed in the maintenance of the road cess establishment.

19. The cyclone of the 31st October last did much damage to many of the district roads in Noakholly, and the estimates that were originally drawn up by the Committee had therefore to be revised, the repairs to the damaged roads being first provided for.

HIGH COURT NOTICES.

RULES FOR REGULATING SALES BY THE REGISTRAR.

It is ordered that the following Rules be read and passed as the Rules and Orders of the High Court of Judicature at Fort William in Bengal, to take effect from the first day of August 1877:—

1. An office copy of every decree or order for the sale of property otherwise than in execution shall be filed in the Account Department of the Registrar's Office.
Copy of decree or order for sale to be filed in the Account Department.
2. Unless otherwise ordered, every such sale shall be by, or with the approbation of, the Registrar, and shall be made by public auction, except that if the property to be sold shall consist of negotiable securities, or of shares in any railway, banking, or other public company or corporation, the Registrar shall be at liberty to sell the same through a broker at the market rate of the day.
Sale to be conducted by, or with the approbation of, the Registrar.
By public auction.
Exception.
3. Every such sale shall be to the best purchaser that can be got for the same, provided the Registrar shall consider that a sufficient sum has been offered.
Sale to be to the best purchaser offering a sufficient sum.
4. When mortgaged property is to be sold, the mortgagee, or first mortgagee, and in other cases the plaintiff, or party having the carriage of the general proceedings, shall have the carriage of the proceedings relating to the sale; but a Judge may, when necessary, commit the carriage of such proceedings to any other party.
Conduct of proceedings.

Documents of title to be left with the Registrar, and to be disposed of under his directions.

Appeal.

6. A notification of every intended sale by public auction under these rules shall be published in the *Calcutta Gazette*, and such other public papers, and as often, as the Registrar shall direct, having regard to the nature and value of the property to be sold; and shall also, when the property to be sold is out of Calcutta, be proclaimed and published in the mode prescribed by the Code of Civil Procedure for the notification of sales in execution.

Of mofussil property.

7. Every such sale shall be regulated by conditions in writing, which, when immoveable property is to be sold, shall be adapted to the state of the title to such property.

Sale to be regulated by conditions.

8. The notification and conditions of sale, together with, when immoveable property is to be sold, an abstract of title, shall be prepared by the attorney of the party having the carriage of the proceedings.

Notification and conditions of sale and abstract of title by whom to be prepared.

9. The notification shall specify the time and place of sale, and shall contain a description and particulars of the property, together with a statement that it is to be sold by, or with the approbation of, the Registrar pursuant to a decree or order of the Court, and of the manner in which it is proposed to lot the same. When the property, or any portion of it, is to be sold subject to an incumbrance, the nature and amount of such incumbrance shall, as far as practicable, be also stated.

Notification of sale.

10. The conditions of sale shall be as few and simple as may be compatible with the nature of the property to be sold. If a reserved bidding be fixed, the fact of a reserved bidding having been fixed, but not the amount, shall be stated in the conditions. When moveable property is to be sold, unless otherwise ordered or agreed to by the parties, it shall be a condition that the whole of the purchase-money shall be paid to the Registrar at the time of the sale, and that upon such payment the sale shall become absolute and delivery of the property sold given to the purchaser, but that in default of such payment the property shall be again immediately put up for sale. When immoveable property is to be sold, unless otherwise ordered or agreed to by the parties, it shall be a condition that not less than twenty-five per cent. of the purchase-money shall be deposited with the Registrar at the time of the sale, and that, unless so deposited, the property shall immediately be again put up for sale: and it shall be stated in the conditions that the purchaser shall, at his own expense, take such steps as may be necessary for the purpose of obtaining possession. When immoveable property is to be sold in lots, and the same muniments of title relate to more than one lot, or when the same muniments of title relate to property a portion of which remains unsold, provision shall be made in the conditions for the destination of the original muniments, and for the production thereof and the furnishing of copies.

Conditions of sale.

11. The notification, conditions, and abstract shall be left with the Registrar, and an appointment obtained from him to go through the same. Notice of such appointment shall be served on all parties entitled to attend. At such appointment, or an adjournment thereof, the notification and conditions shall be settled, the day, time, and place of the sale fixed, the days appointed for delivery of the abstract and of objections and requisitions to and on the title, and for payment into Court of the purchase-money, and the notification shall be signed and issued, and directions given for its publication.

Settlement of notification and conditions.

12. When a sale is ordered at the instance of a subsequent incumbrancer or of a mortgagor, or when a party having the carriage of the proceedings has obtained leave to bid, unless otherwise ordered, or unless dispensed with by the proper parties, a reserved bidding shall be fixed by the Registrar. The Registrar may also in any other case in which it may be deemed necessary or desirable fix a reserved bidding.

Reserved bidding.

13. For the purpose of fixing a reserved bidding, the Registrar may, on notice to the parties, direct a valuation, or a survey and valuation, to be made of the property to be sold. The same shall be made by a surveyor or other competent person to be appointed by the Registrar, who shall certify the result under his signature, and shall deliver or transmit such certificate to the Registrar under a sealed cover, with the words on the cover, "private and to be opened only by the Registrar." The Registrar may, if he shall think fit, require the certificate to be verified by an affidavit or affirmation of the valuer. In that case the certificate shall be referred to without being annexed to or filed with the affidavit or affirmation, which shall be so prepared as not to disclose the contents of the certificate. On the reserved bidding being fixed, the certificate shall be put up in a sealed cover and kept with the proceedings.

Valuation.

Mode of certifying and verifying.

14. Unless otherwise ordered, the reserved bidding shall not be divulged to any person either before, at, or after the sale.

Reserved bidding not to be divulged.

15. On the notification and conditions being settled, a fair copy thereof, and of the abstract, shall be filed in the Account Department of the Registrar's Office.

Copy of notification, conditions, and abstract to be filed.

16. A copy of the notification and conditions of sale, with a translation thereof in the Bengali language, shall be posted up at the door of the Registrar's sale-room on the day of the sale, and for a week previously.

Copy of notification and conditions, with translation, to be posted up.

17. When immoveable property out of Calcutta, or any right, title, or interest in such property, is to be sold, two copies of the notification, and of a translation thereof in the current language of the district in which the property is situate, shall be transmitted by the Registrar to the Judge of the principal Court of the district in which the property is situate, with a letter requesting that one copy of the notification and translation may be affixed on the Court House of the Judge, and that the other copy thereof may be affixed on the office of the Collector of the district, and that the intended sale may be otherwise proclaimed in the mode prescribed by the Code of Civil Procedure for the notification of sales in execution of decrees, and that a certificate that such notification has been duly made may be sent to this Court without delay.

Notification of sale of mofussil property to be proclaimed and published in the district in which it is situate.

18. In any case in which it may be deemed desirable, and the value of the property to be sold shall admit of it, it shall be in the discretion of the Registrar to cause the conditions of sale, or any part thereof, to be published with the notification, and also, with a view to give greater publicity to the sale, to cause hand-bills to be prepared and distributed.

When conditions of sale to be published and hand-bills distributed.

Attorney conducting the proceedings to be present at the sale.

19. The attorney of the party having the carriage of the proceedings, or his principal clerk, shall be present at the sale.

20. On the day, and at the time and place appointed for the sale, the notification and conditions of sale shall be read out in the English and Bengali languages preparatory to the property being put up for sale. The name of each bidder shall be entered in the Registrar's note-book, and each bid offered by him shall be entered opposite his name.

Sale. Biddings to be entered in the Registrar's note-book.

21. If there be no bid, or the highest bid be below the reserved price [if any], or be deemed insufficient by the Registrar, he shall postpone the sale and record the reason for such postponement in his note-book.

Postponement of sale for want of sufficient bidding.

22. If the highest bid be equal to or higher than the reserved price [if any], or be deemed sufficient by the Registrar, he shall, subject to the provisions of Rule 23, make an entry in his note-book to the following effect: "I declare A. B. to be the purchaser of the property comprised in lot——for the sum of rupees——."

When property sold, form of entry to be made in the Registrar's note-book.

23. If in the case of moveable property the purchase-money, or so much thereof as may be payable at the time of the sale, or if in the case of immoveable property the amount to be deposited, be not at once paid to, or deposited with, the Registrar, the bid of the person who would otherwise have been declared the purchaser shall be rejected, and the property again immediately put up for sale: provided that, at the request and risk of the party having the carriage of the proceedings, such bid may be accepted and time allowed to the purchaser to pay the amount payable by him.

Property to be again immediately put up for sale if deposit or purchase-money not paid.

24. The result of the sale shall also be set forth in a paper to be called "the bidding paper," with particulars showing the lots which have been sold and for what price, and the lots which have not been sold, and stating the names of the purchasers, and what sums have been received as deposits, and the balance remaining due in respect of each purchase. If there be no bid for any lot, the words "no bidding" shall be written in the bidding paper opposite the number of the lot. If the highest bid be deemed insufficient, the words "not sold" shall be written opposite the number of the lot. If the property be sold, the highest bid shall be inserted opposite the number of the lot, and the purchaser shall write his full name opposite such entry, and shall add his address and quality. All notices thereafter served at the address so given shall be deemed to have been duly served.

Bidding paper.

To be signed by the purchaser,

25. A person purchasing as agent for another shall sign the bidding paper as such, giving the full name, address, and quality both of himself and his principal. All notices thereafter served at either of the addresses so given shall be deemed to have been duly served.

or by his agent as such.

26. The Registrar, if unable to attend on the day appointed for the sale, or for other sufficient cause, or with the consent of the parties, may postpone the sale. The costs of a postponement rendered necessary by the Registrar's absence, or the conduct of the party whose property is to be sold, shall be costs in the cause. The costs of a postponement made at the request of a party shall be borne by him, or as shall be consented to be by the parties.

Postponement of sale otherwise than under Rule 21.

27. When a sale is postponed, the Registrar shall be at liberty, without further order, to appoint a new day for the sale of the property, and, on notice to the parties, to make any necessary alterations in the notification and conditions of sale.

When sale postponed, a new day to be fixed.

28. When a sale is postponed, or when a re-sale is directed, a fresh notification shall be issued and published, and the proceedings down to the certificate of sale shall be similar to those on an original sale.

Proceedings on a postponed sale or re-sale.

29. The Registrar shall, as soon as possible after the sale, proceed to certify the result. Such certificate shall, within eight days after the sale, be filed by, and at the cost of, the party having the carriage of the proceedings. In case of his neglect, the purchaser of the property comprised in any lot shall be at liberty to file the same and to retain the cost out of the purchase-money.

Certificate of result of sale.

30. A certificate of the result of a sale of moveable property shall not be liable to objection, but a certificate of the result of a sale of immoveable property, or a certificate upon any question as to title, or stating who are necessary parties to a conveyance, or of the approval of a conveyance, may be objected to like any other certificate or report of an officer.

Certificates that may be objected to.

31. If no application be made to discharge or vary a certificate of sale of immoveable property within the time allowed for applying to discharge or vary a certificate or report of an officer, such certificate of sale, except as provided in Rule 55, shall be deemed to be confirmed from and after the expiration of the time aforesaid.

Certificate of sale confirmed by effluxion of time.

32. A purchaser may, at his own expense, apply, on summons, for an order to confirm any certificate liable to be objected to under Rule 30 before the expiration of the time allowed for applying to discharge or vary the same, and such order shall be made thereon as to the Judge shall seem fit.

Certificates confirmed by order.

33. If the abstract of title be not delivered within the time specified in the conditions of sale, a summons may be taken out by the purchaser and served on the party conducting the proceedings, requiring him to deliver the abstract within a limited time. Such order shall be made thereon, and as to the costs of the application, as to the Judge shall seem fit.

Application to compel delivery of abstract.

Costs.

34. Any disputed question arising out of objections or requisitions by a purchaser may be brought by either party before the Registrar, who shall certify his opinion, and shall also certify by whom the costs ought to be paid.

Questions arising out of objections or requisitions.
Costs.

35. When important questions of title are in dispute, either party may apply, on summons, for an order that it may be referred to the Registrar to enquire whether a good title can be made.

Inquiry whether a good title can be made.

36. If the title be found to be good on grounds not appearing on the abstract, the purchaser, unless otherwise ordered, shall be entitled to his costs of the enquiry. If the title be found to be good on grounds appearing on the abstract, the purchaser, unless his objections have been frivolous and vexatious, or unless otherwise ordered, shall not be liable to pay more than his own costs of the enquiry.

Costs of enquiry.

37. When a sale of immoveable property is set aside, the purchaser, unless precluded by the conditions of sale, or unless otherwise ordered, shall be entitled to receive back his deposit or purchase-money, and to be paid his costs, charges, and expenses occasioned by his bidding for and being declared the purchaser of the property, and of and incidental to his application to be discharged. If there be a fund in Court standing to the credit of the cause, the purchaser's taxed costs, charges, and expenses may be ordered to be paid out of it; but if there be no such fund, the costs, charges, and expenses may be ordered to be paid by the party having the carriage of the proceedings, or otherwise as the Judge may think fit, without prejudice to the question by whom such costs, charges, and expenses shall be ultimately borne and paid.

If sale set aside, purchaser entitled to receive back his deposit or purchase-money with costs.

38. After a certificate of sale has become binding, the purchaser may, if prepared to accept the title, apply for leave to pay the balance of the purchase-money into Court, to the credit of the suit, or he may, if not prepared to accept the title, apply for leave to pay the purchase-money into Court, without prejudice to any question as to the title to the property. The application shall be made on summons to the party having the carriage of the proceedings, and also to the party whose property has been sold. Such terms as to the Judge shall seem fit may be imposed upon the purchaser as to his paying interest upon the purchase-money, or waiving his right to the rents in the event of a good title being made to the property up to the time when the question as to title shall be determined.

Application by purchaser for leave to pay his purchase-money into Court.

39. Any party interested may apply, on summons, for such order or orders as it may be necessary to obtain for the purpose of compelling a purchaser who has neglected to pay his purchase-money in due time to comply with the conditions of sale. Such order or orders may be made subject to the right [if any] of the purchaser to obtain an enquiry as to whether a good title can be made.

Application by any other party against defaulting purchaser.

40. When an application is made under either of the last two preceding rules for payment of the purchase-money into Court, the purchaser, or the attorney of the party having the carriage of the proceedings, may at the same time obtain directions for the investment of the purchase-money. Any subsequent application for that purpose shall be on summons, and, unless otherwise ordered, at the expense of the applicant.

Direction for investment of purchase-money.

Purchase-money to remain uninvested until otherwise ordered.

Not to be paid out without notice to the purchaser.

41. The purchase-money, if paid into Court without any directions as to investment, shall, until otherwise ordered, remain uninvested.

42. The purchase-money, after being paid into Court, shall not be paid out or otherwise disposed of, except under an order to be obtained from a Judge in chambers, on summons to the purchaser.

43. A purchaser of immovable property, or of any right, title, or interest in such property, who pays his purchase-money into Court without his right to object to the title being reserved, or who enters into possession, shall be deemed to have accepted the title.

50. If any person certified by the Registrar to be a necessary party to a conveyance be a minor, or otherwise under disability, or, being *sui juris*, shall neglect or refuse to execute the conveyance, an order may be obtained, in the case of a person under disability, directing the Registrar to execute the conveyance for him and in his name, and, in other cases, directing the person to execute the conveyance within a time to be fixed by the order, and, in default thereof, directing the Registrar to execute the same for him and in his name. The application shall be on summons, and shall be supported by an affidavit or affirmation of the facts; and it shall be shown that the person required to execute the conveyance was certified by the Registrar to be a necessary party, and that the conveyance has been approved of by such party or by the Registrar.

Costs.

Unless otherwise ordered, the costs of such application, in the case of a person under disability, shall be part of the costs of the sale, and, in other cases, shall be borne and paid by the defaulting party.

51. On the purchase-money for immovable property being paid, and the title accepted, the purchaser shall be entitled to proceed to obtain possession of the property purchased by him in like manner as the purchaser of immovable property sold in execution under the provisions of the Code of Civil Procedure, and, unless otherwise provided for in the conditions of sale, the costs of such proceedings shall be payable by the defaulting party, or, if he cannot be made to pay the same, by the party liable in the first instance to pay the costs of sale.

Possession of immovable property.

In every such case the certificate of sale shall not be binding without an order to be obtained on summons. Unless otherwise ordered, the costs of obtaining the order shall be the costs of the person so accepted as the purchaser.

56. An incumbrancer not a party to the suit may, at any time before the sale, apply by motion in Court to be made a party, or without being formally made a party, for leave to join in the sales, and such order shall be made thereon, and in protection of his rights and as to costs, as to the Judge shall seem fit.

Application of incumbrancer to be made a party to the suit or to join in the sale.

57. The name of a principal or sub-purchaser shall not be substituted for that of the person certified to be the purchaser without an order to be applied for on summons. The application shall be supported

ordered, every order for the substitution of the name of a sub-purchaser for that of an original purchaser, shall be made subject to the payment into Court as part of the purchase-money of any additional price obtained by the original purchaser from the sub-purchaser.

One application to be made for the substitution of names and payment of purchase-money.

60. Application for the substitution of names under Rule 57 may be made as part of the application for leave to pay the purchase-money into Court.

61. Unless otherwise ordered, all extra costs incurred in obtaining the substitution of names under Rule 58, beyond those of an ordinary application for payment of the purchase-money into Court, shall be borne by the principal whose name is to be substituted for that of an agent, or by the sub-purchaser, whose name is to be substituted for that of an original purchaser.

Extra costs of obtaining substitution of names.

Forms.

62. The forms set forth in the schedule A annexed are to be followed, with such variations and additions as the circumstances of each case may require.

Sale by private contract.

63. The sale of property ordered to be sold by the Registrar by private contract shall be regulated by the foregoing rules, so far as they are applicable.

64. In case of the temporary absence of the Registrar, the chief clerk or other qualified officer may be authorized by the Chief Justice to perform the duties usually performed by the Registrar, whether in connection with sales or otherwise.

SCHEDULE OF FORMS REFERRED TO IN RULE 62.

[FORM OF ORDINARY CONDITIONS OF SALE OF IMMOVEABLE PROPERTY.]

Conditions of Sale of the property described in the Notification of Sale in suit No. of 187 .

1. No person shall advance a less sum than Rs. or retract a bidding.
2. The sale is subject to a reserved bidding, which has been fixed by the Registrar.
3. The highest bidder shall be the purchaser, provided the Registrar shall consider that a sufficient bid has been offered; and if any dispute arise as to the last or highest bidding for any lot, the same shall be put up again at a former bidding and re sold.
4. The purchaser shall at the time of sale subscribe his name and address to his bidding, and the abstract of title and all written notices and communications and summonses

shall be deemed duly delivered to and served upon the purchaser by being left for him at such address, unless or until he is represented by an attorney.

5. The purchaser shall, at the time of sale, pay a deposit of twenty-five per cent. on the amount of his purchase-money to the Registrar, otherwise the lot shall be again immediately put up and re-sold.

6. The Registrar shall, as soon as possible after the sale, proceed to certify the result, and such certificate shall, within eight days after the sale, be filed by and at the expense of the party having the carriage of the proceedings, and in case of his neglect, the purchaser of any lot shall be at liberty to file the same and to retain the costs out of the purchase-money.

7. The party having the carriage of the proceedings shall, within days after such certificate has become binding, deliver to the purchaser or his attorney an abstract of the title to the lot purchased by him, subject to the stipulations contained in these conditions, and the purchaser shall, within days after the actual delivery of the abstract, deliver at the office of Mr. , the Attorney of [the party having the carriage of the proceedings], at No. , Street, in the town of Calcutta, a statement in writing of his objections and requisitions [if any] to or on the title as deduced by such abstract and to and in respect of the description of the property; and upon the expiration of such last mentioned time [and in this respect time is to be deemed of the essence of the contract], the title shall be considered as approved of and accepted by the purchaser, subject only to such objections and requisitions, if any.

8. The purchaser shall, under an order for that purpose to be obtained by him, or, in case of his neglect, by the party having the conduct of the proceedings, at the cost of the purchaser, upon application to a Judge in chambers, pay the amount of his purchase-money [after deducting the amount paid as a deposit] to the Comptroller-General of Accounts for the time being of the Government of India and the Secretary and Treasurer for the time being of the Bank of Bengal, with the privy of the Accountant-General of this Court, to the credit of the suit No. of 187 , [wherein A. B. is plaintiff and C. D. is defendant] within one month from the day of sale [or if the title be complicated, such longer period as may be deemed necessary], and if the same be not so paid, then the purchaser shall pay interest on his purchase-money at the rate of per cent per annum from the end of one month from the day of sale [or such longer period as may be allowed] to the day on which the same is actually paid.

9. Upon payment of the purchase-money in manner aforesaid, the purchaser shall be entitled to possession of such parts of the property as are in hand, and to the rents and profits of such parts as are let, as from the day of such payment, and shall be entitled to a proper conveyance, wherein all proper parties shall join as the Registrar shall direct. Such conveyance shall be prepared by and registered at the expense of the purchaser, and shall be tendered and left by him at the office of the said Mr. for execution by the proper parties.

10. The purchaser shall not be liable to pay the outgoings previous to the day of payment of the purchase-money, and the rents and outgoings shall be apportioned if necessary.

11. The production and inspection of all deeds, evidences, and muniments of title which are not in the possession or power of the party having the conduct of the proceedings, and the procuring and making of all certificates attested, or other copies or extracts of or from any registers, deeds, wills, or other documents, and of all declarations or other evidences as to identity, whether required for the verification of the abstract or for any other purpose, shall be at the expense of the purchaser requiring the same.

12. If any error or misstatement shall appear to have been made in the particulars or description of the property, such error or misstatement [if capable of compensation] shall not annul the sale, nor entitle the purchaser to be discharged from his purchase, but a compensation shall be made to or by the purchaser, as the case may be, and the amount of such compensation shall be settled by a Judge in chambers.

13. If the purchaser shall not pay his purchase-money at the time above specified, or at any other time which may be named in any order for that purpose, and in all other respects perform these conditions, an order may be made by a Judge in chambers for the re-sale of the property and for payment by the purchaser of the amount of the deficiency, if any, in the price which may be obtained upon such re-sale, and of all attorney and client's costs and expenses occasioned by such default.

14. When a re-sale is directed, if for want of bidders the property cannot be re-sold, the purchaser at the former sale shall pay the whole amount of his purchase-money into court; but if the property be re-sold, and if the price obtained at the re-sale be less than the purchase-money payable by the original purchaser, he shall pay the amount of the deficiency. The costs occasioned by the default of the original purchase shall also be paid by him. An order containing these directions may also be obtained from a Judge in chambers.

Note.—Special conditions will be required when the title is bad or doubtful.

It is desirable that the attention of intending purchasers should be called to the reason for imposing special conditions when the title is bad or doubtful.

[Form of ordinary conditions of sale of moveable property other than negotiable securities, or of shares in any railway, banking, or other public company or corporation.]

Conditions of sale of the property described in the notification of sale in suit No. of 187 .

1. No person shall advance a less sum than Rs. , or retract a bidding.
2. The highest bidder shall be the purchaser provided the Registrar shall consider that a sufficient bid has been offered; and if any dispute arise as to the last or highest bidding for any lot, the property shall be put up again at a former bidding and re-sold.
3. The purchaser shall at the time of sale pay the full amount of the purchase-money, otherwise the property shall be again immediately put up and re-sold.
4. Upon payment of the purchase-money the purchaser shall be entitled to obtain immediate possession of the property.
5. The Registrar shall, as soon as possible after the sale, proceed to certify the result. Such certificate shall be filed by and at the expense of the party having the conduct of the proceedings.

[Form of Certificate of Result of Sale.]

Suit No. of 187 .

In the High Court of Judicature at Fort William in Bengal, Ordinary Original Civil Jurisdiction.

WHEREAS by a decree [or order] of this honorable Court made in the above suit, and dated the day of one thousand eight hundred and seventy- , it was ordered that the premises comprised in the mortgage therein referred to should be sold by the Registrar to the best purchaser or purchasers that could be got for the same, provided the Registrar should consider that a sufficient sum had been offered, and that all proper parties should join in the conveyance as the Registrar should direct, and that the conveyance should be settled by the Registrar if the parties should differ about the same, I do hereby certify as follows:—

1. I certify that I did this day in my sale-room, subject to the conditions specified in the conditions of sale, hereto annexed and marked with the letter A, put up for sale by auction the said premises described in the notification of such sale, a copy of which is hereunto annexed and marked with the letter B, and that the result of such sale is truly set forth in the bidding paper, hereunto annexed and marked with the letter C.
2. I further certify that the sums set forth in the second column of the said bidding paper are the highest sums bid for the respective lots, the numbers of which are set forth in the first column opposite to such respective sums, and that the persons whose names are subscribed in the fifth column of the said bidding paper as purchasers were respectively the highest bidders for, and became the purchasers of, the said respective lots, at the prices or sums set opposite to their respective names in the said second column thereof.
3. I further certify that I have received the sums set forth in the third column of the said bidding paper as deposits from the said respective purchasers in respect of their respective purchase monies set forth in the said second column of the said bidding paper, leaving due in respect of the said purchase monies the respective sums set forth in the fourth column of the said bidding paper.
4. I further certify that the several lots opposite to the numbers of which I have in the third column of the said bidding paper written the words "not sold," were not sold, no person having bid a sufficient sum for the same.
5. I further certify that no person bid any sum whatever for the several lots opposite the numbers of which I have in the second column of the said bidding paper written the words "no bidding."

The following orders, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, are republished for general information:—

No. 246.—*Simla, the 6th July 1877.*—*Notifications.—Commerce and Trade.*—The following translation of a letter, dated the 26th April 1877, addressed to Her Majesty's Consul-General at Cairo by the Egyptian Minister for Foreign Affairs, relative to the establishment of a new light at the port of Berberah and the dues that will be charged to vessels entering that port, is published for general information:—

"With the object of affording easy and safe access to the port of Berberah, the Egyptian Government has caused a light-house to be constructed there which will be established and in working order from the 1st June 1877.

"According to the description of the Controller-General of Ports and Light-houses, it will consist of a fixed dioptric white light of the fourth order, 76 feet above high-water, and visible at a distance of 14 miles.

"It is situated in latitude $10^{\circ}28'0''$ North, and longitude $45^{\circ}7'0''$ East of Greenwich.

"The light is on the mainland, and by keeping it open to the Eastward of South (magnetic) the Spit of Rás Tamar will be avoided.

"The construction, maintenance, and service of this light-house, established in the interests of navigation and commerce, are a source of considerable expenditure to the Egyptian Government.

"In accordance with the usual practice for diminishing charges in analogous cases by means of a contribution from those for whose benefit they have been incurred, it has been decided that every sailing ship (*Sambouk*) entering the port of Berberah shall pay the low port due of 15 piastres 16 paras (equal to 4 francs), whatever may be its tonnage, and every steam-ship a port due of 1 piastre (about 25 centimes) per ton.

"I have the honor to inform you of this decision, and to beg you to be good enough to communicate it to those of your Administration whom it may concern."

"(Sd.) CHÉRIF,

"Minister of Foreign Affairs."

The following orders, issued by the Government of India, in the Foreign Department, are republished for general information:—

No. 1844G.—*Simla, the 6th July 1877.—Notifications.—General.*—The following extract from the *London Gazette*, dated 18th May 1877, is published for general information:—

Foreign Office, May 17th, 1877.

The Earl of Derby, Her Majesty's Principal Secretary of State for Foreign Affairs, has received the following despatches from Her Majesty's Consul-General at Odessa and Her Majesty's Consul at Taganrog, forwarding translations of regulations issued by the Russian authorities at the Ports in the Black Sea and Sea of Azof:—

*Her Majesty's Consulate-General,
Odessa, May 7th, 1877.*

MY LORD,

I HAVE the honor to transmit herewith a Declaration issued by the Commander-in-Chief of the Military District of Odessa, containing regulations for the departure of neutral vessels from Odessa at the present time, and specifying on what conditions they will be allowed to leave should the enemy's fleet appear before the port.

I have, &c.,

(Sd.) G. E. STANLEY.

The Right Honorable the Earl of Derby, Her Majesty's Principal Secretary of State for Foreign Affairs.

(TRANSLATION.)

Declaration.—The Commander of the Troops of the Military District of Odessa, Chief of the Coast Defences of the District, General Aide-de-Camp Séméka, has the honor of notifying that, in consequence of the laying of torpedoes, ships of neutral States requested to withdraw in view of a bombardment cannot do so except on condition of being piloted by Russian officers through the passages left between the torpedoes; but as this operation carried out in the face of the enemy might point out to them the position of these passages and enable them to make use of them, thereby depriving the town of its most important line of defence, General Aide-de-Camp Séméka, in view of a state of affairs new in maritime warfare, and consequently not foreseen by International law, has the honor to request the enemy's ships of war to withdraw out of sight for the time necessary for the removal of neutral ships (namely, for hours), warning them that if they do not agree to this demand, neutral ships will not be allowed out, and the Imperial Russian Government declines all responsibility for the consequences.

*Her Britannic Majesty's Consulate,
Taganrog, May 4th, 1877.*

MY LORD,

I HAVE the honor to hand herewith a notice sent to me by His Excellency the Governor of Taganrog, who at the same time has given assurance that every assistance will be afforded to foreign vessels of friendly neutral powers on their passage at the respective ports, in order that trade may not be impeded.

I have, &c.,

(Sd.) H. CARRUTHERS.

The Right Honorable the Earl of Derby, Her Majesty's Principal Secretary of State for Foreign Affairs, &c., Foreign Office, London.

(TRANSLATION.)

Approved by the Commander of the Odessa, Military Department, April 12th, 1877.

NOTICE.

From the time of the declaration of war ($\frac{1}{4}$ th April 1877) the entrance of, and the departure of vessels from the Port of Odessa, from Liman of the Dnieper, and from the Boug, the Straits of Kertch, and the Bay of Sebastopol, is only permitted subject to the following conditions, which are not provided for by Maritime International law, but which must necessarily arise now that harbours are protected by barring them with mines, the passage through which is kept absolutely secret:—

1. Every vessel on arriving must stop outside the line of mines. Russian officers with a crew will go and meet her; they will assume command of the said vessel and navigate her into the harbour, after having satisfied themselves that the ship's papers are in regular order.

2. The Captain of the said vessel shall engage in writing on behalf of himself and his crew and passengers that, while passing through the line of torpedoes, no person shall remain on the bridge, or watch through portholes or other openings the course followed by the ship.

3. The same rule shall be enforced when merchantmen quit the harbour; that is to say, a Russian officer and crew shall, in conformity with Articles I and II, take command of the said vessels.

4. If a man-of-war should make its appearance at a spot whence it would be possible to watch the entry and departure of vessels, the Russian authorities will insist upon its retiring to a certain distance during a period of time sufficient to navigate a vessel in or out. Until this formality is complied with, no vessel will be allowed to enter or leave.

No. 1845G.—The following extract from the *London Gazette*, dated the 29th of May 1877, is published for general information:—

Foreign Office, May 29th, 1877.

The Right Honorable the Earl of Derby, Her Majesty's Principal Secretary of State for Foreign Affairs, &c., &c., has received the following note from His Excellency Musurus Pasha, Turkish Ambassador at the Court of Saint James, forwarding the Notification issued by the Serdar Ekrem with regard to the treatment of neutral vessels on the Danube.

* * * * *

(TRANSLATION.)

*Imperial Ottoman Embassy,
London, May 25th, 1877.*

MY LORD,

In continuation of my note of the 12th instant, I have the honor to transmit herewith the Proclamation published by His Excellency the Serdar Ekrem relating to the measures he has taken on the Danube in view of the military operations.

I have, &c.,

(Sd.) MUSURUS.

Sublime Porte.

Proclamation of His Excellency the Serdar Ekrem concerning the measures taken on the Danube.

The Commander of the Forces, making use of the right and power belonging to him, proclaims as follows:—

War having broken out between the Ottoman Empire and Russia, the part of the Danube surrounded by Ottoman soil is considered a line of defence. The rules followed elsewhere with regard to the navigation and commerce of neutral ships shall not be applicable here. Consequently all vessels are prohibited from passing up and down and carrying on commercial operations in this part of the Danube.

The rules relating to spies shall be applied from the 21st of April (old style), in the case of captains and masters of all steam or other ships, large or small, who infringe this prohibition, or do not apply to the authority.

The ships as well as their cargoes shall be seized and confiscated.

Nevertheless, the cargo of ships detained up to the 21st of April on the points of the Danube referred to shall not be liable to seizure if it does not consist of contraband of war.

The present decision is to have a general application. The Civil and Military authorities will attend to its being strictly carried out.

No. 1846G.—*Appointment.*—Mr. J. G. S. Hodgkinson, Officiating Magistrate and Collector of Moorsshedabad, is appointed to the temporary charge of the office of Agent to the Governor-General at Moorsshedabad, in addition to his own duties, with effect from the date of receiving charge, *vice* Captain Muir, proceeding on furlough.

The following orders, issued by the Government of India in the Financial Department, are republished for general information :—

No. 1150.—*Simla, the 9th July 1877.*—*Notifications.*—*Separate Revenue—Stamps.*—In exercise of the powers conferred by section 16 of the General Stamp Act, 1869, the Governor-General in Council is pleased to remit the duties chargeable under the said Act on tenders for any portion of the loan advertised in the *Gazette of India* Extraordinary of the 7th June 1877.

No. 1754.—*The 6th July 1877.*—*Pensions, Gratuities, &c.*—The Governor-General in Council directs the publication of the following addendum to the Acting Allowance Code of the Financial Department :—

Insert the following as Clause (a1), Section 38 (a) :—

“A Clergyman appointed by the Additional Clergy Society to a station at which the appointment of a Clergyman of the Society has been authorized by the Government of India in the Home Department, or to a charge usually held by a Chaplain on the regular establishment, is entitled, provided that there is no Chaplain on duty at the same place, to an allowance of Rs. 150 a month.”

No. 1747.—*The 6th July 1877.*—*Separate Revenue—Opium.*—Opium Revenue to date compared with the estimate for the year 1877-78 :—

The following orders, issued by the Government of India in the Military Department, are republished for general information :—

No. 605.—*Simla, the 6th July 1877.*—*Furlough and Leave.*—The undermentioned officers are granted furlough to Europe, with the necessary subsidiary leave :—

* * * * *

Captain William James Wemyss Muir, Bengal Staff Corps, Political Agent, 2nd class, Rajpootana Agency, Officiating Political Agent, 1st class, Officiating Agent to the Governor-General, Moorshedabad,—medical certificate, for eighteen months, under Rule XIV, Clause I, of the Regulations of 1868.

No. 609.—*Pay and Allowances.*—*Furlough.*—Under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that all officers who, from the 25th February 1874, the date of the publication of the G. G. O. No. 171 of 1874 having less than two years' furlough at their credit, obtained furlough for such period under Rule IX of the Regulations of 1868, and who obtained an extension of furlough on medical certificate, under Rule XIII of those Regulations, for any period not exceeding two years in all, and did not draw furlough pay for the entire period, shall be allowed the difference between the pay they received and the “furlough pay” authorized.

2. Any officer now in India who may desire that arrears of difference of pay may be issued to his Agents in England should submit an application, through the Controller of Military Accounts, to that effect to the Government of the presidency to which he belongs.

The following order, issued by the Government of India in the Marine Department, is republished for general information :—

No. 15.—*Simla, the 6th July 1877.*—*Organization.*—The Right Honorable the Governor-General in Council is pleased to direct that the whole of the marine establishments afloat and on shore now employed under the several Governments and provinces of India shall be amalgamated into one Imperial Service, to be designated “Her Majesty's Indian Marine.”

2. This service will be entirely under the Supreme Government of India, and such portion of it as may be required for service within the limits of minor Governments and other local authorities shall from time to time be placed at the disposal of those authorities for the discharge of their current duties.

3. All officers and others belonging to Her Majesty's Indian Marine shall be brought upon an amalgamated list according to their several ranks, grades, and classes, and shall, no matter where serving, be subject in future to the same regulations in regard to employment, pay, &c.; and all existing vessels, whether in Bengal, Bombay, or elsewhere, shall be placed on one list and classified and employed under the orders of the Government of India.

4. The officers of Her Majesty's Indian Marine will, so far as may be considered advisable, bear the same titles as officers of the Royal Navy and will have the same relative army rank.

5. The first appointments of officers to Her Majesty's Indian Marine will be made by the Secretary of State for India in Council; their subsequent promotion, and the appointment and promotion of warrant and other subordinate officers without commissions, will be made by the Right Honorable the Governor-General in Council.

6. All officers appointed to Her Majesty's Indian Marine will be considered on probation, subject to confirmation on passing certain professional and lingual tests, which, together with the qualifications to be required for the higher grades, and the periodical examinations to be passed prior to promotion, will be duly notified hereafter.

7. All Marine establishments, dockyards, and vessels on the eastern and western sides of India will respectively be placed under two "Superintendents of Marine," one of whom will reside at Calcutta, and the other at Bombay. These officers will have the rank of captain in Her Majesty's Indian Marine, and will be immediately under the orders of, and responsible to, the Government of India for the discipline, interior economy and efficiency of the establishments, dockyards, and vessels within their respective limits, and over which they will exercise a general control. They will also be the advisers of the local Governments in all subjects connected with marine matters and the establishments in their charge, as well as the channel of communication between local Governments and the vessels at the disposal of those Governments.

8. The Superintendents of Marine will be assisted in the discharge of the duties of their office by such officers and establishments as may be considered necessary.

9. The present titles of Master Attendant, Harbour Master, &c., connected with duties appertaining to the Mercantile Marine and the Board of Trade, or other Local Marine Service, will be abolished, and in lieu such officers will be styled "Port Officers." These appointments will be hereafter clearly enumerated and classified, and, under regulations to be laid down, will be held for fixed periods by selected officers of the Indian Marine, who will, whilst holding such appointments, retain their rank and position in the general list of the service, and be otherwise eligible for promotion, advancement, transfer, &c.

10. The *personnel* of the Marine Service in all classes and grades, wherever employed, will remain under the general control of the Government of India; and such portion as may be placed at the disposal of local Governments and authorities will not be liable to transfer or removal without the previous sanction of the Government of India, except in cases of emergency which are to be immediately reported.

11. Officers and others now holding Marine appointments in India, whether under the orders of the Supreme or local Governments, &c., shall at once become subject to the provisions of the foregoing paragraph, but will in other respects retain their present designations, position, appointments and allowances until it may be otherwise ordered. Those officers now serving who may be selected for Her Majesty's Indian Marine will hereafter be gazetted to the grades and ranks for which the Right Honorable the Governor-General in Council may consider them suitable, and in accordance with their several claims.

12. Pilot establishments, local lights and light-vessels, conservancy of rivers and ports, shipping duties, &c., will not hereafter form part of the Indian Marine Service; such will be placed as far as practicable under local authorities or port or Harbour Commissioners, excepting in regard to the selection of officers for the superior appointments as provided for in the following paragraph.

13. Establishments for services of a permanently local nature, whether on shore or in vessels, on rivers or in harbours, will be recruited as regards the superior appointments from the Indian Marine Service under the conditions of paragraph 9, and all such appointments will be made by the Supreme Government on receipt of a report of the vacancy from the local Government or authority.

14. The native and other subordinate establishments for such local services (within the limits of the amount of charge to be prescribed from time to time by the Government of India) will be appointed or promoted by the local Governments under regulations to be laid down by the Government of India; such subordinate establishments will not, as a rule, be liable to transfer for service in other provinces.

15. For administrative purposes the Indian Marine will, as at present, be under the Military (Marine) Department of the Government of India, and an officer of nautical and local experience will be appointed an Assistant Secretary to the Government of India in the Military (Marine) Department.

16. An Act to provide for the maintenance of discipline in Her Majesty's Indian Marine will be laid before Parliament, and detailed instructions will hereafter be issued in regard to the organization of the Indian Marine and Dockyards, the uniform of officers and men, and the pay, pension, and leave to which they will be entitled. Pending the issue of such instructions all existing orders not hereby altered will remain in full force.

NOTICE TO MARINERS.

(No. 12.)

HINDOSTAN—WEST COAST.

Position of Cochin Light-house, etc.

NOTICE is hereby given that the light exhibited at Cochin is incorrectly placed on the present Admiralty Charts.

The light-house is situated on a raised mound which formed a bastion of the old fort, and bears south-west from the Flagstaff and Cochin Church, distant 5·4 cables from the former and 2·8 cables from the latter.

The shallow water at the entrance to this river has shifted about a cable to the E.S.E.; the mark now for leading vessels over the bar is the central or largest of the three churches at Ernakolum in line with Builder's (Vypeen) Point.

The buoys marking the shoal water have been moved—the north buoy 2 cables and the south buoy nearly 3 cables in the same direction.

Note.—During the south-west monsoon these buoys are removed, as vessels anchor at Narrakel, about 5 miles to the northward of Cochin, at which place a small light is exhibited from the Flagstaff.

Position of light-house—lat. 9° 57' 47" N., long. 76° 13' 45" E.

RESOLUTION.

The 5th July 1877.

Read—

A letter, No. 798A., of 31st May 1877, from the Commissioners for making Improvements in the Port of Calcutta, applying for a loan of five lakhs of rupees for the purpose of constructing a new jetty to the south of No. 7 Jetty.

WHEREAS it appears probable to the Lieutenant-Governor of Bengal that the loan of five lakhs of rupees applied for ought to be granted to the Port Commissioners, it is hereby ordered that the application be published in the *Calcutta Gazette*, as required by the 5th of the rules made by the Governor-General in Council under the Public Works Loan Act of 1871, and published on the 15th October 1873.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

No. 798A, dated Calcutta, the 31st May 1877.

From—The Commissioners for making Improvements in the Port of Calcutta,
To—The Secretary to the Government of Bengal, General Department.

WE, the undersigned Commissioners for making Improvements in the Port of Calcutta, do hereby apply to His Honor the Lieutenant-Governor of Bengal for a loan to be granted us under the provisions of Act XXIV of 1871, the Public Works Loan Act. The particulars to be set forth in accordance with the rules published under the aforesaid Act are hereto annexed.

(1) The work for the construction or repair of which the loan is required;

For the construction of a new jetty.

and an estimate of the cost thereof.

Rupees 5,00,000.

(2) The amount of loan applied for.

Rupees 5,00,000.

(3) The funds, cesses, rates, duties, or taxes, and the property, if any, on the security of which it is proposed that the loan shall be made.

The landing and shipping charges, wharf rents, and removal charges levied at the jetties and inland wharves; the jetties, quays, wharves, machinery, &c., &c., belonging to the Port Commissioners, and the Strand Bank lands.

(4) The law or laws under which the said funds, cesses, rates, duties, taxes levied or received, and the title on which the said property is held.

Act V (B.C.) of 1870.

(5) The period for which the loan is required;

Thirty years.

the number and amount of the instalments, if any, in which it is proposed the loan shall be made;

In five instalments of Rs. 1,00,000 each.

dates proposed for receiving such instalments;

First instalment three months after sanction to loan, other instalments at intervals of three months.

and the instalments in which it is proposed to repay the loan.

In accordance with the provisions of Rule X of the rules published under the Act, modified by clause (d) of the rule, the Commissioners will pay a fixed sum half-yearly, on the 30th June and 31st December, at the rate of Rs. 3,053-5 for each lakh of rupees borrowed. The table showing the proportion in which this half-yearly amount is divided between payment of interest and repayment of principal, which was forwarded with the Commissioners' letter No. 4785, dated 12th January 1874, will show that the terms of the rule above quoted are complied with, and that one-fifth of the amount borrowed will be repaid within ten years, one-half within twenty years, and the whole within thirty years.

(6) The proceeds of each of the funds, cesses, rates, duties, or taxes, and all other incomes received by the Port Commissioners for the purposes of the Act.

The 10th July 1877.—The Lieutenant-Governor is pleased to order the publication of the following notification for general information.

A. MACKENZIE,
Offg. Secy. to the Govt. of Bengal.

GOVERNMENT OF CEYLON.

NOTICE TO MARINERS.

Ceylon—South Coast.

BUOY MARKING GINDURAH ROCK.

NOTICE is hereby given that an Iron Buoy, painted red, is laid in 11 fathoms water about two cables length south of the Gindurah Rock. It is laid at this distance from the rock on account of the foul ground in its more immediate vicinity.

As the light-house at Point-de-Galle can be seen before the buoy which marks this rock, and its position can always be depended on, commanders of vessels should take it as the best mark to determine their position in making this port.

Vessels making the port from the westward or northward will, by keeping the light-house on the bearing of E. by N. $\frac{1}{2}$ N., pass about two miles south of the Gindurah Rock, and clear the whales. All is clear and open to the southward of this bearing, which will also give vessels a good fair-way to the pilot grounds.

Vessels wanting a pilot should heave-to with the light-house about N. E. to N. N. E. distant about one mile, which will keep them well clear of the Cadda Rocks, off the entrance to the port.

By direction of the Government of Ceylon,

MASTER ATTENDANT'S OFFICE,
GALLE,
The 13th June 1877.

DAN. BLYTH,
Master Attendant, Galle.

NOTIFICATION.

The 10th July 1877.—The Lieutenant-Governor is pleased to order the publication of the following notification for general information.

A. MACKENZIE,
Offg. Secy. to the Government of Bengal.

NOTICE TO MARINERS.

No. 2504.

THE Government of India having approved of the adoption on the Hooghly light-vessels of the Admiralty system of riding lights, it is hereby notified for general information that the following regulations have been established respecting the Hooghly light-vessels, and will come into force from the 1st August 1877:—

1. A white light, ordinary ship's lantern, will be exhibited from the forestay of each light-vessel, at a height of six feet above the rail, for the purpose of showing in which direction the vessel is riding when at her station.
2. When a light-vessel is driven from her proper position to one where she is of no use as a guide to shipping, the following signals will be made, viz.
3. The usual lights will not be exhibited, but a fixed red light will be exhibited at each end of the vessel, and a red flare light shown every quarter of an hour. By day the balls or other distinguishing masthead marks will be struck.
4. If from any cause the light-vessel be unable to exhibit all her usual lights whilst at her station, the riding light will be shown, and such portion of her usual lights as may be possible to exhibit.
5. The firing of special rockets of an explosive character from a light-vessel will denote the need of assistance from the shore.

MASTER ATTENDANT'S OFFICE,
The 2nd July 1877.

F. WARDEN,
Offg. Dy. Master Attendant in Charge.

NOTIFICATION.

The 23rd July 1877.—The following bye-laws, framed by the Municipal Commissioners of Deoghur, in the Sonthal Pergunnahs, at a meeting, under Section 313 of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information:—

For Regulating the Conduct of Business at Meetings.

1. The Office of the Sub-divisional Officer will be the Municipal Office under the provisions of the Act.

For Regulating the Time and Mode of Collecting the Taxes.

2. The receipts to be given under Section 110 to be signed by either the Chairman or the Vice-Chairman.

3. Every collecting officer should be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate, if required.

4. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in Section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall, after warning, continue. Any person submitting a false or incorrect schedule shall be liable to a penalty not exceeding Rs. 20: Provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code should the facts appear to warrant such a proceeding.

5. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons Employed by the Commissioners.

6. All persons employed by the Commissioners whose services may be no longer required shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month, unless discharged at once for misconduct; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

7. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required to do so, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

8. Every person within whose premises any animal may die shall, within six hours after its death, or, if death occurs at night, within four hours after daylight, remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or, if he is unable to remove the carcass, he may report the animal's death to the Municipal Secretary or overseer, who shall cause it to be removed at his expense; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass. Penalty for infringement not to exceed Rs. 10.

9. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

Penalty for infringement not to exceed Rs. 10.

For the Regulation and Management of Privies.

10. Every person shall construct his privy above ground, and shall provide his privy with a suitable moveable receptacle of metal or earthenware.

Penalty for infringement after notice not to exceed Rs. 10.

11. No owner or occupier of any house, land, or premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or to be discharged from such privy into any drain, water-course, or excavation, or into any other receptacle but one of the kind described in the next preceding section.

Penalty for infringement not to exceed Rs. 10.

12. No person shall throw, deposit, or discharge any night soil, sewage, or the contents of any drain, privy, or cess-pool into any drain, tank, or water-course, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement not to exceed Rs. 10.

13. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle, and between such hours as the Municipal Commissioners may from time to time direct.

Penalty for infringement not to exceed Rs. 5.

14. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth, within such hours as may have been fixed by the Municipal Commissioners.

Penalty for infringement not to exceed Rs. 5.

15. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy or other noxious or improperly constructed privy may be situated shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice; and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

For Regulating Traffic in the Streets.

16. No owner of any carriage shall allow it to be driven by a driver under fourteen years of age.

Penalty for disobedience on the owner's part not to exceed Rs. 10.

17. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when in the opinion of the Magistrate there may be sufficient moonlight to render such lights unnecessary.

Penalty for infringement not to exceed Rs. 5.

For Regulating or Prohibiting the use of Fire-works, Fire-balloons, Fire-arms, or any Missile in or near a Public Street.

18. No person shall let off any fire-balloon, fire-works, fire-arms, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement not to exceed Rs. 10.

General Bye-laws.

19. No person shall construct, or place over, or by the side of, any public drain any bridge, platform, building, or structure of any kind, except by, and with the written permission of, the Municipal Commissioners, and in such manner as they shall direct.

Penalty for infringement, Rs. 5; for continued infringement after notice, Re. 1 daily.

20. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout now in existence after eight days' notice, and to recover the costs as a debt due to the Commissioners.

Penalty for infringement not to exceed Rs. 5.

21. If any house, wall, or other erection, or any part thereof, fall upon any public highway or into any public drain, the owner of such house, wall, or erection, shall remove it after notice within the time prescribed by the Commissioners.

Penalty for infringement after notice not to exceed Rs. 5; for continued infringement, Rs. 2 daily.

22. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course.

Penalty for infringement not to exceed Rs. 5; for continued infringement after notice Re. 1 daily.

23. No person shall let loose, or allow to be loose, any diseased or worn-out animal on any highway, street, or public place whatever.

Penalty for infringement not to exceed Rs. 10.

For Regulating Burial and Burning Grounds.

24. No person shall bury, or cause to be buried, any corpse, or part of a corpse, in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

Penalty for infringement not to exceed Rs. 10.

25. No person shall bury, or cause to be buried, in any burial ground any corpse, or part of a corpse, in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement not to exceed Rs. 10.

26. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than two feet from any other existing grave.

Penalty for infringement not to exceed Rs. 20.

27. No person shall build or dig, or cause to be built or dug, a grave in any burial place in any other line than that marked out by the Commissioners.

Penalty for infringement not to exceed Rs. 20.

28. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

Penalty for infringement not to exceed Rs. 20.

29. No one shall carry a corpse, or part of a corpse, through any highway unless it be decently covered and totally concealed from public view.

Penalty for infringement not to exceed Rs. 10.

30. Every person who shall bring or convey, or cause to be brought or conveyed, any corpse, or part thereof, to any burning ground, shall completely burn, or cause the same to be completely burnt, within four hours after its arrival at the said burning ground.

Penalty for infringement not to exceed Rs. 20.

31. No person when burning, or causing to be burnt, any corpse, or part of a corpse, in any burning ground shall permit the same, or any part thereof, to remain without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning ground unless the same be completely reduced to ashes.

Penalty for infringement not to exceed Rs. 20.

32. No person shall open any grave within six months of the burial of any body therein, or shall exhume any corpse, except with the written permission of the Commissioners.

Penalty for infringement not to exceed Rs. 20.

NOTIFICATION.

The 29th June 1877.—The following bye-laws, framed by the Municipal Commissioners of Rungpore at a meeting under Section 313 of Act V (B.C.), 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information:—

For Regulating the Time and Mode of Collecting Taxes.

1. Every officer authorized to collect taxes of any kind and grant receipts shall be provided with a certificate of such authority bearing the seal of the Municipality and signature of the Chairman. Every collecting officer at the time of demanding or receiving payment shall be bound to show this certificate if required. On the suspension or dismissal of a collecting officer, the Vice-Chairman shall take back his certificate, and so destroy it that no future use can be made of it by any one.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall, after warning, continue. Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 20: provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code should the facts appear to warrant such a proceeding.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons employed by the Commissioners.

4. All persons employed by the Commissioners whose services may be no longer required shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

6. Every person within whose premises any animal may die, unless he can bury the carcass at such depth below ground as may be determined upon hereafter by the Chairman, who shall specify certain depths for the burial of different species of animals, shall, within five hours of its death, or, if the death occurs at night, within two hours after daylight, either remove the carcass at his own expense to any of such places as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass, at such rate as the Commissioners may determine, and such expense shall be recoverable as a debt due to the Commissioners. In cases, if the owner of the premises is not the owner of the animal, and the owner is known, the latter shall alone be responsible for the payment of such expense. No overseer when called upon, except at night, shall neglect to remove a carcass within three hours of receiving the information.

Penalty for infringement not to exceed Rs. 10.

7. Every owner or occupier of any house, land, or premises from which night-soil, filth, or any other offensive matter is not removed by the said owner or occupier shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of such night-soil, filth, or other offensive matter, within such hours as may have been fixed by the Municipal Commissioners.

Penalty for infringement not to exceed Rs. 5.

8. Every person shall construct his privy above ground, and, when so required by notice, shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware.

Penalty for infringement not to exceed Rs. 20.

9. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy or other noxious or improperly constructed privy may be situated shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

10. No owner or occupier of any house, land, or premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste and stagnant water).

Penalty for infringement not to exceed Rs. 20.

11. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cesspool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement not to exceed Rs. 20.

12. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for the preservation of public health or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

13. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For Regulating Traffic in the Streets.

14. No person shall carry through the streets, either on carts or on his person, long or entire bamboos after one hour after sunset.

Penalty for infringement not to exceed Rs. 5.

15. Every carriage driven by horse, pony, or mule plying on the streets one hour after sunset, except in bright moonlight nights, shall carry a light or lights.

Penalty for infringement not to exceed Rs. 5.

16. No person shall let any animal loose without sufficient guard, or picket such animal on any public road, or collect carts so as to impede general traffic on any public road.

Penalty for infringement not to exceed Rs. 10.

For Regulating or Prohibiting the use of Fire-balloons, Fire-works, Fire-arms, or Missiles in the vicinity of Public Roads.

17. No one shall let off any fire-balloons, fire-work, fire-arm, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement not to exceed Rs. 10.

General Bye-laws.

18. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thorough-

fare, and the Commissioners shall have power to take down and alter any such spout now in existence, and to recover the costs as a debt due to the Commissioners.

Penalty for infringement not to exceed Rs. 5.

19. No person shall construct or place over, or by the side of, any public drain, any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners and in such manner as they shall direct.

Penalty for infringement not to exceed Rs. 10; penalty for continued infringement after notice not to exceed Rs. 3 daily.

20. If any house, wall, or other erection, or any part thereof, fall upon any public highway or into any public drain, the owner of such house, wall, or erection shall move it after notice within the time prescribed by the Commissioners.

Penalty for infringement not to exceed Rs. 10; penalty for continued infringement after notice not to exceed Rs. 5 daily.

21. No person shall prepare any channel or convey water by any channel across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

Penalty for infringement not to exceed Rs. 10; penalty for continued infringement after notice not to exceed Rs. 2 daily.

22. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river khal, tank, or ditch offensive or noxious to the neighbourhood.

Penalty for infringement not to exceed Rs. 5; penalty for continued infringement after notice not to exceed Rs. 2 daily.

23. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

Penalty for infringement not to exceed Rs. 10; penalty for continued infringement after notice not to exceed Rs. 4 daily.

24. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

Penalty for infringement not to exceed Rs. 10; penalty for continued infringement after notice not to exceed Rs. 5 daily.

25. No person shall bury any corpse, or part of a corpse, in a grave which shall be less than six feet deep.

Penalty for infringement not to exceed Rs. 5.

26. No one shall carry a corpse, or part of a corpse, through any highway, unless it be decently covered and totally concealed from public view.

Penalty for infringement not to exceed Rs. 20.

27. Every owner of a well shall cause such well to be properly fenced to the height of three feet above ground.

Penalty for infringement not to exceed Rs. 2, and not to exceed eight annas for every day until such fence is put up.

28. No person shall ease himself by the side of a public road or on any place exposed to public view.

Penalty for infringement not to exceed Rs. 5.

29. No person shall slaughter, or cause to be slaughtered, excepting for *bond fide* religious purposes, any animal, or skin, or cause to be skinned, any carcass of an animal, or tan, or cause to be tanned, any hide on or near a public road or in any place exposed to public view.

CIVIL.

No. 12, dated the 30th June 1877.

In supersession of Circular No. 1, dated 12th January 1877, the High Court is pleased to issue the following instructions.

2. In future all Pleaders' and Mukhtars' certificates, whether taken out for the first time or renewed, shall be issued by District Judges as from the 1st January of the year in which they are taken out.

3. District Judges shall in future submit, in the first week of February of each year, a return of the certificates renewed by them for the current calendar year, as well as the names of those Pleaders and Mukhtars who had not renewed their certificates up to the date of report, and who are not therefore entitled to practise. A list containing the names of all such persons is to be stuck up in the court-house, with an intimation that they are liable to penalties if found practising without having renewed their certificates.

4. If any Pleader or Mukhtar whose name appears in the list shall subsequently take out a certificate during the year, his name shall be reported to the High Court.

CIVIL APPELLATE JURISDICTION.

Rules for the Preparation of Paper-books in Regular Appeals.

1. In all regular appeals the Deputy Registrar shall, forthwith upon the receipt of the record, make and print a complete and accurate list of all the papers contained therein in the form given below:—

1	2	3	4	5
Number on the record.	Mark, if any, in the Court below.	Description and date of paper on the record.	Whether the whole, or portion thereof, is to be inserted in the paper-book.	Page in the paper-book.

In these lists columns 4 and 5 will be left blank. Column 4 will be filled in by the parties as hereinafter directed, and column 5 by the officer of the Court. The papers are to be arranged in the order directed by Rule X of the rules of 30th July 1870 as to Privy Council appeals.

2. As soon as this list shall have been prepared, the Deputy Registrar shall deliver one copy thereof to each appellant or set of appellants appearing separately, or to his or their vakeels respectively, free of charge. Further copies shall be supplied to any of the parties to the appeal at the rate of 4 annas a copy.

3. Within fourteen days after receipt of the list above mentioned the appellant or appellants shall deliver to the Deputy Registrar a copy of such list signed by such appellant or appellants or his or their advocate or vakeel shewing, by filling up column 4 of the list, what papers or portions of papers in the record it will be necessary to read at the hearing of the appeal.

4. In such list shall be specified not only the papers forming that portion of the record which is relied upon by the appellant or appellants, but all the papers in the record so far as may be necessary to enable the Court to dispose of the appeal.

5. Notice of such list having been filed shall be forthwith given by the Deputy Registrar to the respondents who have appeared or their vakeels respectively.

6. Any party respondent or his vakeel may without fee inspect, and at his own expense take, a copy of the list filed under Rule 3.

7. Each party respondent shall, within fourteen days after service on him of the notice under Rule 5, deliver to the Deputy Registrar a copy of the list mentioned in Rule 2 shewing, by filling up column 4 of the list, what papers or portions of papers, if any, not marked as necessary in the list furnished by the appellants, he considers it will be necessary to have read at the hearing of the appeal.

8. If any respondent considers that any portion of the record marked in the appellant's list is unnecessary, he shall so state by writing in column 4 the word "unnecessary."

9. If any respondent considers that any portion of the record has not been marked as necessary by the appellants, which under Rules 3 and 4 ought to have been so marked, he may, within three days after filing his own list under Rule 7, and on notice to the appellants, apply to the Court to compel the appellants to add that portion to their own list; and if such application be granted, the portion so added shall be struck out of the respondent's list.

10. If no list be filed by any respondent within the time specified, the paper-book will be made up according to the appellant's list.

11. Where several appellants or respondents appear by one advocate or vakeel, one list only shall be filed by each set of parties so appearing.

12. If all or a considerable portion of the necessary papers have already been printed in any former paper-books, the appellant or appellants shall so state in his or their petition of appeal and in the list furnished under Rule 3. Nothing printed in such former paper-book shall, except by special order of Court, be again printed, if sufficient copies of that paper-book be procurable. But copies of the former book shall be annexed to the new book, and a reference shall be made to the page in the former book in which each particular document or deposition is to be found.

13. Immediately upon the receipt of any list filed under Rule 3 or 7, the Deputy Registrar shall make and deliver to the party furnishing it an estimate of the costs of transcribing, translating, printing, and preparing the portions of the record marked in such list as necessary to be read, or added thereto by order of the Court, including the cost of the list prepared under Rule 1. Each party furnishing a list must, within two weeks after the delivery to him or them of such estimate, deposit with the accountant of the Court the whole amount thereof.

14. If it shall be ascertained at any time that the sum deposited by any party will not cover the costs payable in respect of the papers marked as necessary in the list furnished by him, or added thereto by the order of the Court, the difference shall be estimated by the proper officer, and shall be paid within two weeks after demand by such party.

15. In case of any party failing to file the necessary list under Rule 3, or to make the necessary deposit under Rules 13 and 14, in due time, the Deputy Registrar shall at once cause the appeal to be set down before the Division Court to which it belongs; and if the party in default does not satisfy the Court as to his delay, the appeal may be dismissed for want of prosecution, or the Court may pass such other order as it may deem proper.

16. If the sum deposited by any party shall exceed the costs for which he is liable under the above rules, the difference shall be refunded as soon as the actual costs incurred are ascertained.

17. The Court may at any time, upon sufficient cause shewn, enlarge the time for furnishing any list or making any deposit required by these rules. Such application for enlargement must be made before the time expires, except in special cases; and it must be supported by an affidavit stating the circumstances under which the delay took place. It must also be accompanied by a certificate of the Deputy Registrar shewing the dates on which the several directions herein contained have been complied with, which certificate the Deputy Registrar shall grant upon payment of a fee of Rs. 2.

18. A separate account shall be kept of the costs of the list prepared under Rule 1, and of transcribing, translating, and printing the papers contained in each list.

19. The Deputy Registrar shall cause the portions of the record in respect of which the proper deposit has been made to be (where necessary) translated into English, and shall cause the same to be printed; and this, together with such lists as aforesaid, shall form the paper-book to be used by the Court at the hearing of the appeal.

20. If there be separate appeals against the same judgment, complete lists shall be filed by the parties in each appeal; and the Deputy Registrar shall, subject to the order of the Court, determine in what proportions the deposits are to be made. Nothing shall be printed twice over; but references shall be inserted in the proper places showing where the several portions elsewhere printed are to be found.

21. No portion of the record which is not contained in the paper-book shall be read at the hearing of the appeal without the special leave of the Court. If such special leave be granted, it shall be competent to the Court to order such portion to be translated and transcribed, or printed at the cost of the party requiring the same to be read.

22. The costs of transcribing, translating, printing, and preparing the paper-book, including the cost of the list prepared under Rule 1, shall be costs in the appeal, unless the Court hearing the appeal shall otherwise direct.

23. The Court may, upon the application of any party, and upon good and sufficient cause shewn, give such special directions as to any of the matters to which these rules relate as may seem fit, and may by special order exempt any party from the operation of any portion of these rules: provided always that the list, as directed by Rules 3 and 7, must be filed in all cases, unless the party can satisfy the Court that he is unable to prepare the list himself, and that he is without any professional assistance in the litigation.

24. It shall be open to any party, at any time before the translations are completed to deposit the amount necessary for defraying the expenses of examination of the translations before the same are printed, such amount being fixed by the Deputy Registrar; and, upon such deposit being made, the translations will be examined in the same way that the translations in cases appealed to the Privy Council are examined, by one of the Examiners of the Court appointed for the purpose and certified accordingly. The amount so deposited will be allowed as cost to the party making the deposit, if the Court shall so order.

25. Upon special application and deposit of the extra costs, the record will be printed in the form directed by the Privy Council.

26. In ordinary cases 25 copies of the paper-book will be printed, but the Deputy Registrar may at his discretion increase the number. Two copies of the paper-book may be obtained by each party appellant appearing separately free of charge.

27. As soon as the paper-book is ready for delivery to the parties, the case shall be inserted by the Deputy Registrar in a list to be hung up in the usual places; and the case shall not be inserted in the peremptory daily list of cases until four days after its insertion in the first of the above-mentioned lists.

28. Appeals against admissions of or refusals to admit a will to probate shall be considered as regular appeals within the meaning of these rules.

29. Every paper-book shall have printed on the cover a statement of the amount of costs incurred by each party in respect thereof.

30. These rules shall apply to all regular appeals filed on and after the 1st day of August 1877, from which date the rules of the 15th September 1875 shall be superseded.

Rules relating to Special Appeals.

I. The paper-book in all cases of special appeal, except appeals not exceeding Rs. 50 in value, will consist of the following papers; those not originally in the English language being translated into English:—

(a).—*The Complaint.*

Note.—Lengthy schedules and descriptions of boundaries appended to complaints may be omitted.

(b).—*The Plaintiff's written Statement, if any.*

(c).—*The Defendant's written Statement.*

Note.—When there are several sets of defendants in a suit, the written statements of defendants not parties to the special appeal either as appellants or respondents may be omitted.

(d).—*The Judgment of the First Court.*

(e).—*The Judgment of the Lower Appellate Court.*

(f).—*Any Judgments or Orders of Remand passed in the case either by the Lower Appellate Court on appeal or by the High Court on special appeal.*

(g).—*The Memorandum of Special Appeal.*

(h).—*A front leaf containing the number of the cause, names of the Judges of the two Courts below, names of the parties and of their vakeels, date of the institution of the suit, date of the judgment of the First Court, date of the judgment of the Lower*

Appellate Court, date on which the special appeal was filed, date of service of notice upon the respondents, and date on which the cause was ready for hearing.

II. In each case of special appeal the Deputy Registrar will cause to be printed 12 copies of the paper-book as aforesaid.

III. The appellant, at the time of filing the Memorandum of Special Appeal, and the respondent, at the time of entering appearance through a vakeel or attorney of the High Court, shall each of them deposit with the Accountant the sum of Rs. 7-8, and shall each of them be entitled to one copy of the paper-book free of charge.

IV. If it shall be ascertained at any time that the sum deposited in any case will not cover the actual costs incurred, the difference shall be deposited by the appellant within two weeks after demand.

V. In case of any party failing to make the necessary deposit under Rule IV, the Deputy Registrar shall at once cause the appeal to be set down before the Division Court to which it belongs; and if the party does not satisfy the Court as to his delay, his appeal may be dismissed for want of prosecution, or the Court may pass such other order as it may deem proper.

VI. When the cause is ready for hearing, the Deputy Registrar will furnish the vakeels or attorneys engaged on either side with copies of the paper-book, for which deposit shall have been made as aforesaid. The issue of paper-books to the vakeels or attorneys will be notice to them that the case is ready for hearing.

VII. No Memorandum of special appeal filed through a vakeel or attorney of the High Court, nor a *first* vakalutnamah or power-of-attorney for the appearance of the respondents, will be admitted or received, unless, at the time of presentation, the deposit has been made with the Accountant under Rule III.

Provided that any second or other vakalutnamah or power-of-attorney for the appointment of new vakeels or attorneys, or reappointment of former vakeels or attorneys by representatives of deceased parties, may be filed without such deposit.

VIII. An account shall be kept of so much of the actual cost of preparing and printing the paper-book in each special appeal as is chargeable to the parties, and the appellant and respondent shall be each of them entitled to a refund in equal shares of the excess of the sum paid by them jointly over the said actual costs.

IX. Additional paper-books supplied at the request of the parties shall be charged for.

X. In analogous cases governed by one judgment, the Court on application will make a special order.

XI. The Court may, upon the application of any party, and upon good and sufficient reason shewn, give such special directions as to any of the matters to which these rules relate as may seem fit; and may by special order exempt any party from the operation of any portion of these rules.

XII. These rules shall apply to all special appeals filed on and after the 1st day of August 1877, from which date the rules of the 12th March 1874 shall be superseded.

The following orders, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, are republished for general information:—

No. 110.—*Simla, the 14th July 1877.—Notifications.—Customs.*—In exercise of the powers conferred by Section 6 of the Indian Tariff Act, 1875, the Governor-General in Council is pleased to exempt Lac from import duty.

No. 111.—In exercise of the powers conferred by Section 6 of the Indian Tariff Act, 1875, the Governor-General in Council is pleased to declare, in modification of No. 3 of Schedule B of the said Act, that from the date of this notification the export duty on Shell Lac shall be one rupee eight annas per cwt., and the export duty on Button Lac shall be one rupee four annas per cwt., and to exempt from export duty all sorts of Lac other than those above mentioned.

No. 150.—*The 12th July 1877.—Salt.*—In exercise of the powers conferred by Section 6 of the Indian Tariff Act, 1875, the Governor-General in Council is pleased to exempt from the whole of the duties of customs to which it is liable under that Act, or any other law for the time being in force, all salt imported into the Port of Calcutta and issued with the sanction of the Government of Bengal to manufacturers of glazed stone-ware.

No. 114.—*The 12th July 1877.—Emigration.*—In accordance with the provisions of Section 57 of the Indian Emigration Act, 1871, the Governor-General in Council is pleased to declare that emigration to the French Colony of Cayenne shall cease, and be prohibited from the date of this notification.

COMMERCE AND TRADE.

The 13th July 1877.

No. 11 of 1877.—The following Notice to Mariners is published for general information:—

NOTICE TO MARINERS.

INDIA—BAY OF BENGAL.

Additional Lightship at entrance of the River Hooghly.

The Government of Bengal has given notice that, on the 10th July 1877, an additional light-vessel will be placed at the entrance of the river Hooghly in $4\frac{3}{4}$ fathoms between the lower Gaspar and Eastern Channel lightships, from which will be exhibited annually, from the 1st April to 31st October, a *fixed white catadioptric* light visible all round the compass at an elevation of 28 feet, and in clear weather should be seen from a distance of 10 miles.

The lightship will be placed on the following bearings:—

Lower Gaspar light	N. by W. 10 miles;
Bell buoy	N. N. W. $\frac{1}{4}$ W. $2\frac{1}{4}$ miles;
Centre Saugor Sand buoy	N. E. by N. $3\frac{3}{4}$ miles;
Upper reef buoy	S. W. by W. $5\frac{1}{2}$ „

or in latitude $21^{\circ} 16' 10''$ N., longitude $88^{\circ} 8' 10''$ E.

The vessel will be painted *buff* with the word *intermediate* in black letters on her sides, and by day will carry at the lantern mast-head a large black double triangle.

It is also notified that the system of riding lights established for lightships on the Coasts of England and Ireland will be adopted, from the 1st August 1877, on board the Hooghly river light-vessels, *viz.*—"A white light to be exhibited from the fore-stay of each light-vessel, at a height of 6 feet above the rail, for the purpose of showing in which direction the vessel is riding, when at her station.

"When a light-vessel is driven from her proper position to one where she is of no use as a guide to shipping, the following signals will be made, *viz.*—

"The usual lights will not be exhibited, but a *fixed red light* will be exhibited at each end of the vessel, and a *red flare* shown every *quarter of an hour*. By day the balls or other distinguishing mast-head marks will be struck.

"If from any cause the light-vessel be unable to exhibit all her usual lights whilst at her station, the riding light will be shown and such portion of her usual lights as it may be possible to exhibit."

"*Note.*—The firing of special rockets of an explosive character from a light-vessel will denote the need of assistance from the shore."

NOTICE TO MARINERS.

No. 13.

India—Hindustan—West Coast—Bombay Harbour.

1. POSITION OF RALEIGH ROCK.

THE following information relative to a rock in Bombay Harbour on which Her Majesty's ship *Raleigh* recently touched has been furnished by Captain H. W. Brent, Her Majesty's Flagship *Undaunted* :—

This rock (*Raleigh Rock*) rises abruptly from the general muddy bed of the harbour ; it is about 160 feet long E. S. E. and W. N. W., and 90 feet in width ; the shoalest part has 22½ feet over it at low water ordinary spring tides, but only 20¾ feet at extraordinary low springs. The general level near the rock has a depth of 25 feet over it at the lowest tides.

A conical buoy, painted red, has been placed on the eastern edge of the rock, with—
Scotch Church steeple in line with Ritchie Steward's cotton
press chimney (resembling a monument), bearing ... N. by W. ½ W.
Dolphin beacon ... N. N. W. ¼ W. 4¼ cables.
Oyster Rock Battery (Colaba Observatory just open to the
northward) W. S. W. distant 7 cables.
It is proposed to remove this rock by blasting.

2. ADDITIONAL BEACONS.

Also that the following additional beacons have been erected :—

A circular stone beacon, painted red and white, on the north and south extremes of Colaba Reef, westward of Dolphin beacon.

A circular stone beacon, painted red and white, on the shoalest part of Ooran Patch.

A large circular white stone tower on the summit of Thull Knob.

[The bearings are Magnetic : Variation 1° Easterly in 1877.]
